

OVERVIEW AND SCRUTINY COMMITTEES

COPELAND BOROUGH COUNCIL

WORKPLAN 2005-06

Introduction

The Work Plan of the Overview and Scrutiny Committees has been drawn together from a number of sources:

From individual Members drawing on the experience they have as ward Councillors and their specialist interests.

From Parish and Town Councils.

From studying the Corporate Plan for the coming year and discussing work items with the Executive and Departments

From individual members of the public, responding to publicity and from

Media coverage relating to Council services.

It is intended to give a good idea of the ground the Committees will cover in the coming year. It is, however, an organic document and is subject to change and review as priorities change.

If there are any comments or contributions you might want to make to the Work Plan, then please do not hesitate to contact Scrutiny Support in the first instance:

ITEM	REVIEWS	BACKGROUND	INT/EXT	TIMESCALE
Section 106 agreements	Pre-scrutiny → Poss review OSC EC	Members would like to establish what Copeland's policy is on 106 agreements. It has been suggested that the Council might make more of such agreements. A report of current policy will enable members to decide whether they wish to pursue this item further	Internal	Pre-scrutiny briefing 18/7. Report requested for 12/9 giving all section 106 agreements in past 12 months. Also CCC and LDNPA to be asked to do the same.
Public Loos	REVIEW OSC ENV	Members would like to undertake a comprehensive review of the provision, standard and maintenance of public loos in Copeland, exploring best practice for delivery in rural areas, and the needs of local people and of the tourist industry in Copeland. In doing this, they will expect to retain a sense of realism and to look at all provision, including those provided by external organisations.	Internal and External	Work started June
Budget Criteria	REVIEW OSC PR/EC	Opinion is being voiced by some members of Overview and Scrutiny, particularly those of Environmental Well-being, that the budget criteria are too job focused. They point out that the right conditions need to be created for regeneration to flourish, and these are often environmental issues, and they also feel that issues that they have looked at, and which haven't necessarily scored very highly, for example travel concessions and pest control, are socially important issues that the Council does need to address.	Internal	Joint meeting of Exec and OSC Chairs and Vice Chairs agreed to delay a look at the budget criteria until the Council' role in regeneration is better defined – may be next year.

ITEM	REVIEWS	BACKGROUND	INT/EXT	TIMESCALE
Regeneration in West Cumbria	Pre-scrutiny Poss REVIEW OSC EC & joint with Allerdale and County	The LSP Economic Well-being group has suggested a joint review of who is doing what on the regeneration front in West Cumbria. It may well be that the timing for this is not the best, with Cumbria Vision on the horizon, however the Chairs would like a pre-scrutiny report of the funding that Copeland Borough Council has drawn down in 2004-05 from external sources, how this has been spent, and how many jobs have been directly created. They would also welcome a debate to define the Council's own role in the delivery of economic regeneration.	Internal ↓ Poss external	Chris Collier, Chief Exec, Cumbria Vision attended special meeting 13/06/05 at 10.30am. To be invited back in November to update Members further.
Enforcement	REVIEW OSC ENV	Members want to take a very close look at enforcement as a whole. This will include all aspects, including dog fouling and car parking policy on issuing of fines. On car parking issues, OSC Economic to be invited to attend. Results may feed into the restructure review..	Internal	Initial briefing given June. Business Plan to be presented in the Autumn.
Restructure 6 mths +	REVIEW OSC PR - Lead	Further thought is required as to how exactly this will be done, but their aim is to establish whether the restructuring exercise has delivered what it set out to do.		
Leisure Opening Hours	Pre-scrutiny → Poss Review OSC Social	It has been suggested that Members might want to look at the opening hours of the pool, sports' centre etc, in particular in respect of public holidays. A preliminary report will be requested for members to decide whether they wish to look at this item in more depth.	Internal	July meeting – recommended that a pilot be carried out into opening on a bank holiday.

ITEM	REVIEWS	BACKGROUND	INT/EXT	TIMESCALE
Dentists	REVIEW OSC SOC	We have suggested to the health scrutiny cttee of the County Council that the provision of NHS dentists in Copeland should be scrutinised. Dentists have been put onto the work plan of the Health Scrutiny Cttee (on which Copeland has a representative), but yet to hear whether there is an appetite for joint working.	External	County Council feels this is a national problem and are not inclined to follow it up other than monitoring the situation.
Schools in Copeland	Pre-scrutiny → Poss Review OSC SOC	The questionnaire carried out by OSC on the things that attract people to come and live here and those that put them off has not been given wide distribution as <u>some</u> of the data was unreliable. However, most results were largely predictable and placed a good deal of emphasis on the quality of schools, equally of local importance. Recent statistics showing that Copeland is lagging behind the Cumbrian and national average when it comes to test results for 14 year olds has prompted the Committee to explore why this is the case, and in looking at the bigger picture, what more might be done to drive up performance.	External	Delayed as CCC Director of Education resigned. School improvement team invited to the November meeting.
School dinners	Pre-scrutiny → Poss Review	A pre-scrutiny report on healthy food initiatives to be commissioned from the County, before deciding if the Review will take place and in what format.	External	CCC Education have followed up on this quite strongly and it is felt that there is no need for further review.
Cycling	OSC ENV	They acknowledged that the whole issue of revenue funding for maintenance of cycle paths in Copeland appears to be at an impasse and that until it is resolved, it is unlikely that any progress on future development will be made. Watching brief.	External
