

National Indicators - Crime

Head of Service: Tim Capper, Heads of Democratic Services
Report Author: Neil White, Scrutiny Support Officer

Recommendation: that the Committee considers the presentation of Cumbria Police on the national indicators that deal with crime.

BACKGROUND

The Committee will recall that, at its last meeting, it agreed that this meeting would consider the new national indicators that deal with crime. These indicators are those under the Safer Communities heading – indicators 15 to 49 and are attached at Appendix “A”. They all fall within the terms of reference for this committee.

Chief Superintendent for the West Cumbria Area, Kevin McGilloway, has confirmed that a representative from Cumbria Police will attend the meeting to explain how they see the national indicators being achieved.

The Committee is asked to consider this presentation as an initial stage in working on these indicators as there is quite a bit of work to be done on how these indicators will be measured and then monitored. However as the key partner in reaching these indicators the police’s views will be critical particularly bearing in mind the changes that may come following the Policing Green Paper.
