

CAPITAL MONITORING QUARTER 1 2007/08

EXECUTIVE MEMBER: Councillor E Woodburn / Councillor A Holliday
LEAD OFFICER: Sue Bamforth, Head of Finance & Business Development
REPORT AUTHOR: Catherine Nicholson, Accountancy Services Manager

Summary and Recommendation:

- a) That members note the report;
- b) That members agree the amendments to the Capital Programme totalling £1,846,925 of external funding and £65,000 CBC funding. The revised capital programme will be £11,388,612.

1. INTRODUCTION

- 1.1 The monitoring of the capital programme is undertaken monthly and a report to Executive is presented at the end of each quarter (3 month period). Project Managers are asked to provide detail of their schemes progress whilst Accountancy provides details on financial spend and commitments to date.
- 1.2 At the end of the last financial year, there was a large approval for carry forward of unspent budgets on the capital programme of £6,553,402. This was mainly related to external funding of regeneration schemes. These added to the existing budgets and approved bids for 2007/08
- 1.2 This report advises Members of the three month period from 1st April 07 to 30th June 07.
- 1.3 The capital programme now includes a number of large schemes that are financed by external resources (ie not CBC monies). Many of these schemes are Regeneration based, for example Coalfields, Private Sector Renovation Grants, and the renovation of the Beacon.

2. EXPENDITURE TO DATE

- 2.1 Expenditure (which includes committed purchase orders) for the first quarter of 2007/08 is £1,240,325. This represents 11% of the total budget for the year.
- 2.2 This is about what would be expected for the first quarter of the year, where work on new projects is still developing and spend has not yet been incurred, and also reflects the external funding that is due for a lot of the projects.
- 2.3 At this stage of the year there are no significant variances or problems that need to be reported.

3. AMENDMENTS TO CAPITAL PROGRAMME

- 3.1 There are a number of schemes that need to be added to the Capital Programme.
- 3.2 **Pow Beck Railway Land Meadow Road - £31,000**
 - 3.2.1 This scheme is funded entirely from West Lakes Renaissance and was highlighted in a report to Executive in July 2006 as part of the whole Pow Beck scheme. It relates to the purchase of land adjacent to Meadow Road and the fees involved in the purchase.
- 3.3 **Pow Beck Valley – Engage Development Partner - £35,000**
 - 3.3.1 Again, this scheme is funded entirely by West Lakes Renaissance and relates to the costs associated with finding a development partner for the Pow Beck Valley scheme.
- 3.4 **Town Head Tip - £69,925**
 - 3.4.1 This relates to the reclamation work to be undertaken at Town Head Tip and the funding has been received from DEFRA. Work is to begin shortly on this scheme and it is requested that it is added to the Capital Programme for 2007/08.
- 3.5 **Safer Stronger Communities Fund - £1,711,000**
 - 3.5.1 It is requested that the allocation for the Safer Stronger Communities Fund for 2007/08 is added to the Capital Programme. The carry forward from 2006/07 is already in the Capital Programme.

3.6 Chapel Street Car Park - £65,000

- 3.6.1 It is requested that the allocation agreed in a previous Urgent Action to Executive be added to the Capital Programme for 2007/08 to fund the works to Chapel Street Car Park. The funding is from the Council's Reserves Fund.

4. FINANCIAL AND HUMAN RESOURCES IMPLICATIONS (INCLUDING SOURCES OF FINANCE)

- 4.1 On a quarterly basis all capital budgets will continue to be monitored and reported to members

5. PROJECT AND RISK MANAGEMENT

- 5.1 It is imperative that all budgets are monitored monthly with exceptions reported through Corporate Team and Executive

6. IMPACT ON CORPORATE PLAN

- 6.1 The budget and monitoring process is fully integrated into the planning process of the Council embracing all the objectives of the Council.
