1 INTRODUCTION

- 1.1 The purpose of this report is to show the actual financial position for the period to 31st December 2007 and secondly, the probable outturn to year end.
- 1.3 All significant variances have been identified and management's explanation is provided in section 4 below.
- 2.3 The accountants, by working closely with budget managers and budget holders, are enabled to provide a level of assurance on the robustness of the management estimates.

3 9 PLUS 3 FINDINGS

- 3.1 9 PLUS 3 basically means 9 months actual figures (to 31 December 2007) plus 3 months projection to financial year end.

- 3.2 Projections are mainly the view of accountancy services with input from budget managers. In future, and as we progress with the new arrangements, that budget managers will have a far more active role to play in calculating the projections.
- 3.3 This is then measured against the approved full year budget for 2007/08, as previously approved by Members.
- 3.4 Findings indicate that overall, the revenue budget will be under spent at financial year end by £200k. This equates to 1.7% of the total approved budget of £11.8m.
- 3.5 The main reasons for this projected under spend is due to:
 - Treasury management interest budget understated by £66k
 - Vacancies within Regeneration resulting in projected £123k
 - Superannuation contributions less due to vacancies of £20k
 - Environmental Health salaries and supplies less than budgeted by £22k
 - Waste Management increased income of £34k

Offset by:

- Usage increase in mandatory concessionary travel scheme resulting in projected overspend of £140k
- Change in Finance and Business Development staffing arrangements of £18k
- Incorrectly budgeted income on North Country Leisure (NCL) contract of £23k

4 FINANCIAL AND HUMAN RESOURCES IMPLICATIONS (INCLUDING SOURCES OF FINANCE)

- 4.1 Financial implication is a projected under spend of £231k (2.0%) against full year budget, that potentially could be used for other purposes.
- 4.2 This forecast position and is basically in line with Quarter 2, as the reported financial position showed an estimated under spend of £190k (1.6%) at financial year end.

5 PROJECT AND RISK MANAGEMENT

- 5.1 It is imperative that all budgets are monitored monthly with exceptions reported through Corporate Team and Executive.

6 IMPACT ON CORPORATE PLAN

- 6.1 The budget and monitoring process is fully integrated into the planning process of the Council embracing all the objectives of the Council.
