

DRAFT OUTCOMES FRAMEWORK AND PROPOSED AREAS FOR STRETCH

Healthier Communities and Older People

Proposed Outcome (Note mandatory outcomes)	Comments on inclusion
Improved Health and reduced Health Inequalities	Mandatory area for Spearhead Areas, which is applicable to Cumbria. Allows for a range of outcomes to be identified, preliminary areas identified are smoking reduction and supporting sensible drinking
Reduce premature mortality rates	Mandatory for areas in receipt of NRF, prescribed focus on factors contributing to heart disease and stroke and smoking
Improve the Quality of Life for people in Cumbria	Allows for wide range of relevant qualitative issues e.g on Falls, advice and information on healthy choices to increase control, fuel poverty
Improve well being choice and control of People in Cumbria	Allows for access and inclusion issues e.g transport for rural areas. Maximising life choices, and making a positive contribution to the community

Proposed Area for Stretch	Comments on inclusion
Maximising Income for Older People via employment and benefits	Amenable to partnership working, improves choice and control, preventative measure
Smoking cessation	Priority area for Health challenging, may provide new data sources on for example 6 month quitters rather than short term measures
Access and Take Up of Services for Older People	Links to needs of rural areas, advice and information will give greater autonomy and prevent future health and social problems
Obesity	Overriding health priority, gives scope for wide range of measures and to reduce inequalities between areas
Numbers helped to live at home and dying in the place of their choice	Choice and control Links to need for extra care housing

Economic Development

Proposed Outcome (Note mandatory outcomes)	Comments on inclusion
Improved skills to match current and future economic needs.	The need to develop the skill levels of our current and future workforce are essential if we are to demonstrate we have the skills necessary to both attract needed investment in the County and develop existing businesses.
Increased enterprise activity throughout Cumbria.	Enterprise levels are relatively low in a number of areas - particularly those which are identified as deprived.
Increased employment and economic activity and better paid employment opportunities.	Relatively good average employment levels mask a number of worklessness issues in areas of the County and high levels of real unemployment. Cumbria also has a high rate of low-skill, low wage employment which needs to be addressed.
Improved economic infrastructure.	Improvements to economic infrastructure are essential to facilitate the development of the economic base in Cumbria.

Proposed Area for Stretch	Comments on inclusion
Reduction in the number of businesses reporting skill gaps.	There are a number of skills issues within the County, however to facilitate greater economic prosperity businesses must have employees with the necessary skills to generate greater productivity.
Increase in business survival after 12 months.	Limited funding for business support after 12 months. Greater focus on this area should result in business survival and growth.
Reduction in incapacity benefit claimants.	High levels of I.B. claimants in areas of Cumbria. A target would compliment the current Job Centre Plus objectives.
Re-development of brownfield land.	Significant areas of brownfield land must be re-developed to provide suitable investment opportunities.

Safer and Stronger Communities

Proposed Outcome (Note mandatory outcomes)	Comments on inclusion
Reduce Crime	Mandatory across UK, in 2006 agreement, NRF narrowing the gap targets
Reassure the public: reducing the fear of crime	Mandatory across UK (indicators tbc), in 2006 agreement
Reduce the harm caused by illegal drugs and alcohol misuse	Mandatory across UK, in 2006 agreement <ul style="list-style-type: none"> • Illegal drugs to feature here • Alcohol misuse to feature here
Increased domestic fire safety and reduce arson	Mandatory if receive <i>Home Fire Risk Check and Fire Prevention Grant</i> , indicator in 2006 agreement
Build respect & reduce anti-social behaviour	Mandatory across UK, in 2006 agreement
Empower local people to have a greater choice and influence over local decision-making and a greater role in public service delivery	Mandatory across UK, in 2006 agreement
Improve services for domestic violence victims	From LAA guidance, shared priority with all CDRPs, builds on established structure for LSPA round 1
Improving Road Safety	Appears in 2006 agreement, Builds on LPSA round 1, cross cutting with C & YP block, transport

Proposed Area for Stretch	Comments on inclusion
Improved road safety - perhaps KSIs for 17 - 25 yr olds	Hard to reach group/ economic contribution, identified as high risk group
Alcohol	Young people? Age range to be determined. Links to crime / improvements in health? Cross cutting
Domestic Violence	Links to recent LPSA - could carry this work forward - be clear about the most appropriate measure though
Violent crime	Lends well to partnership working. High volume crime see BCS comparator. Data supports this
Criminal damage	Lends well to partnership working. Data supports this. High volume crime see BCS

	comparator.
PPOs - need to focus on either prevention or rehabilitate and resettle?	Multi-agency role - links to housing, education, social care and transport issues. Good data available
Reduce re-offending by young offenders	Links to current priorities, links to PPO work, links to C & YP block, well established partnership arrangements for development and delivery
Strengthen local democracy/Involvement in local decision making	From LAA guidance

Children and Young People

Proposed Outcome (Note mandatory outcomes)	Comments on inclusion
Be Healthy	<ul style="list-style-type: none"> • Over 1300 referrals were made to specialist mental health work teams between September 2004 and September 2005. • Although confirmed 2003 teenage pregnancy rates show that Cumbria has a declining rate and is below the National Average, more recently, figures indicates a significant rise in Barrow and a consistently high rate in Carlisle • A survey of health behaviour in 2003 showed that more of our year 10 girls said they smoked, drank alcohol or took illegal drugs compared with the wider reference group
Stay Safe	<ul style="list-style-type: none"> • 132 children were on the Child Protection Register (June 2005) • 3 children were killed & 45 were seriously injured on our roads in 2004
Enjoy and Achieve	<ul style="list-style-type: none"> • 75,000 pupils are in full-time education • Educational attainment is above the national average at all stages but boys consistently do worse than girls
Make a Positive Contribution	<ul style="list-style-type: none"> • Participation in post-16 education is now higher than the national average, at 72.6% • School attendance rates are above the national average, with unauthorised absences of 0.16% in primary schools & 0.97% in secondary schools • Only 64 children are permanently excluded from school
Achieve Economic Wellbeing	<ul style="list-style-type: none"> • Between 2002 and 2004 there was a 28% reduction in the number of 16-18 year olds who were not in education, employment or training • 14.6% of children live in workless households - with above average rates in Barrow & Copeland
Service Development	<ul style="list-style-type: none"> • 13,219 childcare places are available • There are 289 primary schools, 42 secondary schools, 5 special schools, 3 Pupil Referral Units & 20 independent schools • Connexions Cumbria provides services to 40,000 young people • There are 4 Primary Care Trusts, 1 Mental

	<p>Health & Learning Disability Trust & 2 Hospital Trusts</p> <ul style="list-style-type: none"> • Over 400 voluntary sector organisations are involved in providing services to children
--	--

Proposed Area for Stretch	Comments on inclusion
Safeguarding children - inter-agency working to safeguard and protect children and prevent abuse (re-registration rates)	See Every Child Matters Guidance/Children and Young People's Plan. Preparatory work for the Joint Area Review.
Promoting healthy living with an active lifestyle	
Improving access and support for groups of children and their parents at risk of social exclusion	
Increase post-16 participation and achievement	
Strengthening emotional well-being of children	

Sustainable Communities

Proposed Outcome (Note mandatory outcomes)	Comments on inclusion
Tackle climate change	From LAA guidance
Access & enjoyment of green spaces	From LAA guidance
Culture & Sport opportunities	From LAA guidance
Affordable rural housing	From LAA guidance
Cleaner, greener and safer public spaces	Mandatory in CSG-funded areas, in 2006 agreement
A safer living environment	Strategy review
Neighbourhood Renewal outcomes (environment, well-being, housing)	Mandatory
