

Motion to full Council April 15th 2008

This Council moves that it is entirely inappropriate for the people of all the Copeland parishes to continue subsidising the people of Whitehaven. That all council tax payers should be treated equally rather than the majority being required to pay their own parish precept as well as a proportion of monies used in Whitehaven for items that should be met by the inhabitants of that area by way of a parish precept.

That this is a situation that cannot be allowed to continue and that this council resolves that Whitehaven should be parished within six months of this full Council meeting.
