

COPELAND BOROUGH COUNCIL

Which Of The Following Services Do You Think Copeland Council Should Spend More Or Less Money On?

Here Is Your Chance To Tell Us.

Copeland Borough Council wants to know what local people think about the way it spends some of its money.

Every year the council gets a small amount of money to spend on what are known as “discretionary services.,” things that are over and above what the council has to provide by law. These discretionary services include things like travel voucher schemes, grants to bodies like community law centres, help for the arts and extra recycling facilities.

We would like the public to help us decide how best to spend this money. Simply look at the services we have listed on the following pages and tick one of the four ratings next to it.
