

## Risk Management Strategy

**EXECUTIVE MEMBER:** Councillor Gillian Troughton  
**LEAD OFFICER:** Penny Mell, Head of Policy and Transformation  
**REPORT AUTHOR:** Catherine McNicholas, Performance and Transformation Officer

### WHAT BENEFITS WILL THESE PROPOSALS BRING TO COPELAND RESIDENTS?

Risk Management will strengthen the ability of the Council to achieve its corporate objectives and priorities and enhance the value of services provided.

### WHY HAS THIS REPORT COME TO THE EXECUTIVE?

(eg Key Decision, Policy recommendation for Full Council, at request of Council, etc.)

The report provides Members with the details of the revised Risk Management Strategy.

#### **RECOMMENDATIONS:** It is recommended that

The Executive considers and agrees the Risk Management Strategy.

The Risk Management Strategy and associated Strategic Risk Register are presented to Full Council for information and to raise general awareness of the Council's agreed approach to strategic risk management; and

All Members are subsequently invited to a Member Briefing Session regarding the Risk Management Strategy and Strategic Risk Register.

## 1. INTRODUCTION

1.1 The Risk Management Audit carried out in 12/13 recommended that the Risk Management Strategy should be refreshed in line with current reporting practice set out in the Performance Management Framework and then reported to the Audit and Governance Committee and the Executive. The current Risk Management Strategy was approved in 2006.

1.2 Both corporate governance and risk management has become increasingly important in ensuring robust and effective service delivery for local authorities. The revised Strategy (attached as Appendix A) outlines how Copeland Borough Council is taking on its responsibility to manage both risks and opportunities using a structured and

focused approach. It also builds on the recent Manager and Member training provided by Zurich.

## **2. RISK MANAGEMENT STRATEGY**

2.1 The Council has a statutory responsibility to have in place arrangements for managing risks. Risk Management covers the whole spectrum of risks and not just those associated with finance, health & safety, business continuity and insurance. It also includes risks associated with service provision, effectiveness and continuity, reputation, compliance with legislation and environment.

2.1 Risk Management strengthens the ability of the Council to achieve its corporate objectives and priorities and enhance the value of services provided. It provides a strategic tool in planning and decision making. The findings of the recent internal Risk Management Audit recommended that the Risk Management Strategy should be updated to reflect the current revised reporting practices in the Performance Management Framework.

2.2 The main changes to the strategy are:

- It is a shorter and more concise document making it easier for the reader to understand how the Council manages risks
- The risk management cycle has been updated in line with the recent Zurich training and best practice
- The document incorporates the revised reporting practices as set out in the Performance Management Framework
- A new section “Risk in Partnership” has been added to reflect the Council’s vision and operating model as set out in the Council Plan 2013 -15
- The roles and responsibilities have been simplified so that Members and staff are clear about their duties.
- Risk Prioritisation Matrix has been added to the Appendix.

2.3 The attached Risk Management Strategy and Policy will be used as a basis to further embed risk management, which in turn will support the delivery of quality customer focused services within a clear framework of corporate governance.

## **3. ALTERNATIVE OPTIONS TO BE CONSIDERED**

3.1 Executive can decide to accept or reject the changes to the Risk Management Strategy.

#### **4. CONCLUSIONS**

- 4.1 The revised Risk Management Strategy sets out our process for identifying, assessing and managing risks in order for the organization to achieve its strategic objectives while protecting resources to residents and other key stakeholders.

#### **5. STATUTORY OFFICER COMMENTS**

- 5.1 The Monitoring Officer's comments are: Report sets out a robust and proportionate approach to risk management in line with recommended practice.
- 5.2 The Section 151 Officer's comments are: With increasing uncertainty on our funding and resource levels arising from the CSR 10 and now CSR13, alongside national policy changes, the identification and management of our strategic risks is vital for the council. The risk management strategy and register provides a robust process for us to identifies the strategic risks and devise appropriate responses
- 5.3 EIA comments are: No specific comments
- 5.4 Policy Framework comments are: The Risk Management Strategy is a key to managing the overall policy framework and delivering the Corporate Plan 2013 – 15.
- 5.5 Other consultee comments, if any:

#### **6. HOW WILL THE PROPOSALS BE PROJECT MANAGED AND HOW ARE THE RISKS GOING TO BE MANAGED?**

- 6.1 The Risk Management Strategy sets out how the Councils will manage risks. The Strategic Risk Register which contains the Councils key risks will be monitored on a quarterly basis by Corporate Leadership Team.

#### **7. WHAT MEASURABLE OUTCOMES OR OUTPUTS WILL ARISE FROM THIS REPORT?**

- 7.1 The report results in a clear strategy for managing risks and forms part of the Performance Management Framework.

#### **List of Appendices**

Appendix A - Risk Management Strategy  
Appendix B – Risk Register

**Copeland Borough Council**

**Risk Management Strategy**

**April 2013**

## 1. Introduction

The Council recognises it has a responsibility to manage risks as a key component of good corporate governance and is committed to embedding risk management into daily operations of the Council from setting of objectives, to service and financial planning through to departmental processes.

The objectives of the strategy are to:

- further develop risk management and raise its profile across the Council
- integrate risk management into the culture of the organisation
- embed risk management through the ownership and management of risk as part of all decision making processes including annual service planning and corporate plans.
- manage risk in accordance with best practice
- create effective processes that will allow the Council to make risk management assurance statements annually
- establish clear roles and responsibilities

This document sets out:

- ◆ Definition of risk management
- ◆ Our approach
- ◆ The risk management cycle
- ◆ Risk management and our existing processes
- ◆ Risk management in partnerships
- ◆ Roles and responsibilities

This strategy outlines how Copeland Borough Council is taking on its responsibility to manage both risks and opportunities using a structured and focused approach. The Council's Risk Management Policy Statement is attached - see Appendix 1.

## 2. Definition of Risk Management?

Risk Management, amongst other definitions, can be defined as:

**"The management of integrated or holistic business risk in a manner consistent with the virtues of economy, efficiency and effectiveness. In essence it is about making the most of opportunities (making the right decisions) and about achieving objectives once those decisions are made. The latter is achieved through controlling, transferring and living with risks." ZMMS/SOLACE, *Chance or choice?* July 2000.**

Risk Management is a strategic tool and is an essential part of effective and efficient management and planning. Risk can be classified as either strategic risks that impact on the medium to long term objectives of the Council or operational risks that are associated with the day – to day activities of the Council.

### **3. Our approach**

The Council will seek to embed risk management into its culture, processes and structure to ensure that opportunities are maximised. Copeland Borough Council will seek to encourage Members and staff to identify, understand and manage risks, and learn how to accept the right risks. Adoption of this strategy must result in a real difference in the Council's behavior.

### **4. The Risk Management Cycle**

Implementing the strategy involves identifying, analysing, prioritisation, managing and monitoring risks.

#### **Risk Identification:**

Identifying and understanding the hazards and risks facing the Council is crucial if informed decisions are to be made about policies or service delivery methods. The risks associated with these decisions can then be effectively managed.

The identification of risks is derived from both a 'top down' (corporate) and a 'bottom up' (departmental service) process of risk assessment and analysis resulting in coverage of the whole Council.

Risks can be identified as strategic and/or operational. Appendix 2 shows the different categories of risk.

#### **Risk Analysis:**

Once risks have been identified they need to be systematically and accurately assessed using methods already used in the Council. If a risk is seen to be unacceptable, then steps need to be taken to control it or respond to it.

#### **Risk Prioritisation:**

Following identification and analysis the risks will need to be evaluated according to the potential likelihood of the risk occurring and its impact if it did occur. A matrix is used to plot the risks and once completed this risk profile clearly illustrates the priority of each risk. The prioritization matrix is set out in Appendix 3.

**Risk Management:**

This is the extent by which organisations tolerate risks. It is assessing whether to control, tolerate, transfer or terminate the risk. Risks may be:-

Transferred: insurance/outsource/partnerships  
Treated: mitigating the risk by managing down either impact/likelihood or both  
Tolerated: understanding and living with the risk  
Terminated: risk serious – only option to terminate the activity that is generating the risk

**Risk Control:**

Risk control is the process of taking action to minimise the likelihood of the risk event occurring and/or reducing the severity of the consequences should it occur. Risk control usually requires managers to identify and implement action plans to mitigate against the risks.

**Risk Monitoring:**

The risk management process does not finish with the risk control procedures in place. Their effectiveness in controlling risk must be monitored and reviewed. It is also important to assess whether the nature of the risk has changes over time.

The details for monitoring the risks are set out below.

**5. Risk Management and our existing processes****Identifying risks:**

The Corporate Performance Framework in place incorporates risk identification via monthly performance meetings between managers and the Heads of Service and discussed at Corporate Leadership Team (CLT) monthly where the Strategic Risk Register is updated as needed.

Managers are required to consider risk when assessing new initiatives or proposing savings to existing service provision as part of the annual service planning and project approval process.

Partnerships will be assessed for risk prior to the Council agreeing to become a member. Approval will be required by CLT.

**Recording the risk:**

All risk are recorded on the Strategic Risk Register and/or the departments Operational Risk Register. Operational risks are recorded on the Covalent Performance Management System.

Where there are major risks identified by projects, these will be recorded on a project risk log.

#### **Monitoring and review:**

The Operational Risk Register is reviewed by the Managers and Heads of Service as part of the performance monitoring meetings with any significant issues reported to CLT via the Top Facts.

The Strategic Risk Register is reviewed monthly by CLT with quarterly monitoring report going to the Audit and Governance Committee.

An annual review of the overall process by Internal Audit will be reported to CLT and Members on its effectiveness.

## **6. Risk Management in Partnership**

As the Council is increasingly using partnership working to deliver its priorities and services, it is essential that:

- The risks associated with working in partnership with other organisations have been identified. Some of these risks can be managed through formal contracts and partnership agreements.
- Partnerships have effective risk management procedures in place.
- A risk assessment should be carried out prior to entering into any partnership and should be monitored throughout.
- There should be a system to regularly review the risks.

## **7. Roles and responsibilities in Risk Management**

The following describes the roles and responsibilities that Members and officers will play in introducing, embedding and owning the risk management process:-

| <b>Who</b>     | <b>Roles &amp; Responsibilities</b>  |
|----------------|--|
| <b>Members</b> | <ul style="list-style-type: none"><li>• To ensure the effective management of risk by officers of the Council</li><li>• To gain an understanding of risk management and its benefits</li><li>• To require officers to develop and implement an all-encompassing approach to risk management.</li></ul> |

|  |  |
|--|--|
| <b>Executive members</b>   | <ul style="list-style-type: none"> <li>• Approving the Risk Management Strategy and policy statement.</li> <li>• Influence the culture of risk management within the Council including determining whether it is risk averse or a risk taker and what type of risk is acceptable or unacceptable. This therefore determines the Council's appetite and tolerance to risk</li> <li>• Active in the process of identification and evaluation of corporate risks and appropriate application of the 4Ts.</li> <li>• To approve the major decisions affecting the Council's risk profile</li> <li>• Commissioning and reviewing an annual assessment of the effectiveness of the risk management and internal control framework</li> <li>• Approving the public disclosure of the annual outcome of this assessment (the assurance statement), and publishing it in the annual Statement of Accounts (or Audit Committee function if allowable)</li> <li>• Ensuring an open and receptive approach to solving risk problems is adopted by all members</li> <li>• To ensure the Council makes prudent recognition and disclosure of the financial and non-financial implications of risk to satisfy itself that the less significant risks are being actively managed by Officers and/or appropriate controls.</li> </ul> |
| <b>Audit &amp; Governance Committee</b>  | <ul style="list-style-type: none"> <li>• Monitoring the effectiveness of the Council's risk management and internal control arrangements across the Council</li> <li>• Receiving and reviewing quarterly monitoring reports</li> <li>• Making recommendations to the Executive which improve the effectiveness of the Council's risk management and internal control arrangements.</li> </ul>  |
| <b>Chief Executive, Directors and Heads of Service (Corporate Leadership Team)</b> | <ul style="list-style-type: none"> <li>• To ensure that the council manages risk effectively through the development and monitoring of a comprehensive risk management strategy</li> <li>• To act as the Corporate Risk Management Working Group</li> <li>• To ensure that the requirements of Corporate Governance reporting are met</li> <li>• To develop the corporate Risk Management Strategy and communicate to elected Members</li> <li>• To promote and oversee its implementation across the Council</li> <li>• To monitor and review the effectiveness of the Risk Management Strategy</li> <li>• To agree any inputs and resources required to support the</li> </ul>   |

|                                      |  |
|--------------------------------------|--|
|                                      | <p>work corporately</p> <ul style="list-style-type: none"> <li>• To identify areas of overlapping risk</li> <li>• To identify and communicate risk management issues to departments</li> <li>• Consider issues/reports raised through Performance Monitoring</li> <li>• To advise Executive of any significant risk and or action plan required.</li> </ul>  |
| <b>Departmental Management Teams</b> | <ul style="list-style-type: none"> <li>• To ensure that risk is managed effectively in each service area within the agreed corporate strategy</li> <li>• To feed into the development of the corporate Risk Management Strategy from a service specific perspective</li> <li>• To ensure that the strategy is implemented effectively across its services</li> <li>• To identify strategic and operational risks associated with its service and report accordingly</li> <li>• Identifying risks through the service planning process</li> <li>• To liaise as appropriate with external agencies in identifying and managing risk</li> <li>• To work with the finance department in assessing departmental insurance requirements</li> <li>• To disseminate the detail of the strategy and allocate responsibilities for implementation to service managers and staff</li> <li>• To establish the training requirements of managers and staff with regard to strategy implementation.</li> </ul> |
| <b>Employees</b>                     | <ul style="list-style-type: none"> <li>• To manage risk effectively in their job</li> <li>• To liaise with their line manger to assess areas of risk in their job</li> <li>• To identify new or changing risks in their job and feed these back to their line manager</li> </ul>   |
| <b>Internal Audit</b>                | <ul style="list-style-type: none"> <li>• To provide assurance to officers and Members on the effectiveness of controls</li> <li>• To challenge and test risk management processes</li> <li>• To have regard to the risk strategy assessments in determining the audit programme</li> <li>• Report annually to Audit &amp; Governance committee on the effectiveness of internal control mechanisms as part of the review of corporate governance arrangements.</li> </ul>  |
| <b>Accountancy</b>                   | <ul style="list-style-type: none"> <li>• To inform investment decisions made by the council</li> <li>• To assess the financial implications of strategic policy options</li> </ul>   |

|                                    |   |
|------------------------------------|---|
|                                    | <ul style="list-style-type: none"> <li>• To provide assistance, advice and training on budgetary planning and control</li> <li>• To ensure that the Financial Ledger allows effective budgetary control</li> <li>• To negotiate insurance cover in liaison with departments</li> </ul>  |
| <b>Legal services</b>              | <ul style="list-style-type: none"> <li>• To provide legal advice to departments on the legality of policy and service delivery choices</li> <li>• To update departments on the implications of new or revised legislation</li> <li>• To support any litigation cases</li> </ul>   |
| <b>Human resources</b>             | <ul style="list-style-type: none"> <li>• To provide advice to departments on any human resource issues relating to strategic policy options or the risks associated with operational decisions</li> <li>• To commission risk management training</li> </ul>   |
| <b>Policy &amp; Transformation</b> | <ul style="list-style-type: none"> <li>• To provide advice on the implications of potential service actions for the Council's corporate goals and objectives</li> <li>• To support CLT in the development and delivery of the Strategic Risk Register</li> <li>• To provide programme office advice and assistance to the Change Programme Board</li> </ul> |
| <b>Health &amp; Safety</b>         | <ul style="list-style-type: none"> <li>• To advise on any Health &amp; Safety implications of the chosen or proposed arrangements for service delivery.</li> <li>• To provide an inspection role in relation to Health &amp; Safety duties.</li> </ul>  |

## 8. Conclusion

The adoption of a sound risk management approach should achieve many benefits for the Council. It will assist in demonstrating that the Council is continuously improving and will go a long way to demonstrating effective corporate governance.

The challenge is to implement a comprehensive risk management process without significantly increasing workloads. This should be achieved in part by making risk management part of existing processes and reviews rather than treating it as a separate function.

### RISK MANAGEMENT POLICY STATEMENT

Copeland Borough Council is committed to identifying and managing risks affecting the organisation. The Council recognises that some risks will always exist and will never be completely eliminated. However, the Council recognises its responsibility to manage risks effectively and supports a structure and focused approach to managing them by approval of this Risk Management Policy.

By doing this it aims to:

- Better achieve its corporate objectives and priorities
- Manage its resources effectively
- Improve the quality of its business decisions
- Anticipate and respond to change (e.g.: social, environmental, legislative and their associated risks) in a proactive and systematic way
- Prevent loss or injury to its staff and the public
- Provide greater protection of its assets and guard against impropriety or poor value for money
- Enhance corporate governance
- Reduce complaints against the council
- Protect the reputation of the Council and increase community confidence
- Minimise the number of incidents which require internal investigation
- Reduce the cost of insurance, incidence of claim and improve the Councils ability to defend claims

To achieve these aims and objectives the Council will:

- Raise awareness of the need for effective risk management, by all those connected with service delivery, through advice and training; and provide opportunities for shared learning.
- Introduce risk management systems and processes which conform to best practice
- Determine the Councils appetite or tolerance to risk
- Allocate resources to identified priority areas
- Establish clear roles, responsibilities and reporting lines for risk management within the Council
- Incorporate risk management into the business planning process and embed risk management within the culture of the organisation
- Incorporate risk management into reviews of services
- Incorporate risk management into all substantive service developments and projects
- Monitor risk management arrangements on an ongoing basis

## Appendix 2

### Risk Identification

|   |   |
|---|---|
| <b>STRATEGIC</b><br>Fundamental decisions regarding an organisations objectives   | <b>OPERATIONAL.</b><br>Decisions regarding operational activity to support an organizations objectives  |
| <b>Political</b><br>Associated with failure to deliver either local or central government policy, or to meet the local manifesto commitments.   | <b>Business Continuity</b><br>Associated with interruptions to the council's ability to provide a service e.g. through loss of facilities, staff, IT etc. |
| <b>Economic</b><br>Affecting the ability of the Council to meet its financial commitments e.g. internal budgetary pressures, failure to purchase adequate insurance provision, external macro level economic changes, consequences of investment decisions. | <b>Financial</b><br>Associated with financial planning and control and the adequacy of insurance cover.   |
| <b>Social</b><br>Relating to the effects of changes in demographic, residential or socio-economic trends on the Council's ability to deliver its objectives.  | <b>Legal &amp; Professional</b><br>Related to possible breaches of legislation or failure to follow council policies and procedures.                      |
| <b>Legislative</b><br>Associated with current or potential changes in National or European Law.   | <b>Physical</b><br>Related to fire, security, accident prevention and health and safety.  |
| <b>Sustainability</b><br>Relating to the environmental consequences of progressing the Council's strategic objectives (e.g. in terms of energy efficiency, pollution, recycling, landfill requirements, and emissions, etc.).                               | <b>Contractual</b><br>Associated with the failure of contractors to deliver services or products to the agreed cost or specification.                     |
| <b>Partnership</b><br>Associated with working with other councils, agencies and the private and voluntary sector to deliver the Council's strategic objectives.   | <b>Environmental</b><br>Relating to pollution, noise or energy efficiency of ongoing service operations.  |

## Risk Prioritisation matrix

### Likelihood:

- 6 = Very High
- 5 = High
- 4 = Significant
- 3 = Low
- 2 = Very Low
- 1 = Almost Impossible

### Impact:

- 4 = Catastrophic
- 3 = Critical
- 2 = Marginal
- 1 = Negligible

The impact – this being the extent to which the issue (assuming it were to manifest itself to the degree defined in the consequences) would impact on the organisation’s ability to achieve its vision and priorities

The likelihood – taking into account existing measures to manage the issue and (not those planned or not yet in operation) how likely is the impact to occur within the timeframe of the Corporate Plan

## Strategic Risk Register 2013/14

**Horizon Scanning** – Risks that can be identified but insufficient detail to action at this time

- Welfare Reform – Universal credit
- Local Land Charges Litigation
- Local Government Finance Bill
- Resource/Capacity – single points of failure
- External Funding
- Emergency Planning situations – impact on resources
- New GDF Process
- Data Management

### **Risk Matrix**

The Strategic Risk Register contains risk scoring. Two scores are given on each risk; one of the likelihood that the risk could happen (6=Very High to 1=Almost Impossible) and second, what the scale of the impact could be if that risk occurs (4=Catastrophic to 1=Negligible).
