

OUTSIDE BODIES

EXECUTIVE MEMBER: Councillor Elaine Woodburn
LEAD OFFICER Paul Walker
REPORT AUTHOR Julie Betteridge

RECOMMENDATION:

The Council is recommended to

a) note the annual reports from Outside Body representatives for 2012/13 Appendix A; and

b) agree the representations to Outside Bodies for 2013/14 as set out in Appendix B.

1 2012/13 DETAIL

- 1.1 Full Council received and endorsed the Outside Bodies representation for Copeland Councillors in March 2012. Three further representations to outside bodies were added to this list during the year and will be included in the activity report. These are: a) Connecting Cumbria, a county wide Board overseeing the broadband development in Cumbria, b) the Cumbria Police and Crime Commissioner Board set up following the election of the Cumbria PCC in November 2012, and c) the continuation of member representation on the West Cumbria Cycleway Partnership in line with our formal Partnership agreement linked to this activity.
- 1.2 As part of the reporting process members who represent the Council are required to report back to Full Council annually these are attached as Appendix A

2. 2013/14 DETAIL

- 2.1 The list attached at Appendix B sets out the proposals for Outside Body representation by elected members in 2013/14. The review of strategic partnerships in line with our new Corporate Plan ensures that the attached Outside Bodies list is an excerpt of this definitive strategic partnership list. It must be noted that some of our strategic partnerships are officer only and are not included in Appendix B. The Outside Bodies list being proposed for Full Council agreement also contains a small number of operational partnership activities and two member champions with an external role. The table sets out

the alignment of the Outside Body activity with our Corporate Plan and the planned reporting arrangements in line with our increasing requirement for active and partnership working delivering services in support of our Corporate Plan priorities. All Outside Body representatives will be reporting annually to full council as in previous years.

3. STATUTORY OFFICER COMMENTS

How does representing the Council on this Outside Body support the aims and objectives of the Council?

Priority 2 Representation on this outside body benefits the Council by actively monitoring what is happening both at County and District Level and also keeping up to date with legislation and challenges that are being brought through Judicial Review, also support of a very experienced Equality Officer. Hopefully this will help everyone understand E&D and embed it into everything we do.

Do you have any further Comments?

This work is also important simply because it should help ensure that we embed all the equality standards that are required statutorily and will ensure we deliver a much improved service to everyone we do business with. This work is also fed back to other groups e.g West Cumbria Equality and Diversity Group who meet quarterly at Allerdale House and the Copeland Centre, this group is multi agency and helps to share best practice and endeavour to again embed E&D into everything we do

How does representing the Council on this Outside Body support the aims and objectives of the Council?

Priority 2 During 2012 / 2013 I have been Cropland's representative at North West Employers, this has been in two separate posts firstly on the Executive at NWE and secondly on the Regional Development Panel, both these roles are separate and at both a regional level and also for both Cumbria and Copeland.

There have been several positive issues from a Copeland perspective, firstly from a Member Development viewpoint we completed the Members Charter Review at level one the review started with a 98% uptake of members completing their Personal Development Plans and a subsequent review of the PDP's. The Chair Person Lena Hog, Clive Willoughby and myself attended the presentation event in Manchester in 2012.

North West Employers continue to work with us as a council and support us in many ways from both Member development, training events on topical current issues, officer support and mentoring at the highest of levels, legal advice and HR related support and information at both local, regional and national levels.

NWE support is delivered at a very competitive and cost effective manner and at times unfortunately that means travelling to events and meetings, where possible we are pushing for events to be delivered in Cumbria and if possible at Copeland BC or Allerdale BC, we are endeavouring at all times to keep events and event costs to the minimum.

Name of Outside Body:	West Cumbria Community Safety Partnership
------------------------------	--------------------------------------------------

Frequency of meetings: **Quarterly**

Number of meetings attended: **4**

How does representing the Council on this Outside Body support the aims and objectives of the Council?

<p>The West Cumbria Community Safety Partnership offers a co-ordinated strategic assessment, priority setting and monitoring in line with our statutory responsibilities. The Strategy Group sets direction and enables strategic linkages with partners and key developments including the Cumbria Office of the PCC. The partnership agrees an annual action plan and resource priorities which enables our Council services to work effectively in partnership to target activity to need.</p>

Do you have any further comments?

<p>This past year has been active in terms of building the relationship with the Cumbria PCC and his office. West Cumbria CSP links with the other district CSPs and the county wide activities of Cumbria County Council, the Police, Probation, Public Health and other bodies.</p>

<p>The operational activity and case work has been strong under the partnership this past year. Particular challenges around budget reduction proposals and consultations of partners have been discussed within the Partnership as they relate to resourcing and our withdrawal of funding post March 2013.</p>

How does representing the Council on this Outside Body support the aims and objectives of the Council?

The Partnership enhances the Council's strategic links with the LDNP and partner agencies and on-going service delivery and particularly enables rural development activity with two thirds of the borough in the Park boundary. The LDNP Partnership strategically directs and manages the Partnership Plan which is complementary to our corporate priorities, coastal and rural regeneration plans and locality approach.

Do you have any further comments?

The Partnership has adopted whole valley planning with our full support - Wasdale Valley being an early pilot with Copeland Community Fund assistance. There are a range of sub groups regularly discussed by the Partnership including tourism, business development, climate change issues, still waters and farming and forestry. The Council has a key role as the strategic housing authority and we report on a range of activities and issues in the Plan monitoring and in developing strategy and joint approaches at the Partnership.
