This application was considered at the 12 September 2012 meeting when the Panel was minded to refuse and brought back for final determination in accordance with paragraph 9.2 of the Council's Planning Code of Conduct.

Members were advised on the legal and financial implications of their decision.

During discussion of this item Mr J Vout spoke in objection to the application. The applicant's agent, Mr P Dyke exercised his right to respond.

RESOLVED – That the application be refused contrary to the Planning Officers recommendation on the grounds that the proposal would result in significant local and visual impact which would be detrimental to the character and visual amenity of the area. These adverse impacts would not be outweighed by the benefits that would result from the proposal. The remaining Planning Applications were dealt with at this point of the meeting.

RESOLVED – That applications for planning permission be determined as shown on the schedule hereto, subject to conditions of approval and reasons for refusal as set out in the report of the Head of Nuclear, Energy and Planning dated 10 October 2012, subject to:
