

CONSERVATION & URBAN DESIGN GUIDANCE

Lead Officer: Tony Pomfret – Development Control Manager

To inform Members of a presentation to be made at the meeting by Steve Palmer from the North of England Civic Trust

Recommendation: That this report be noted

Resource Implications: Nil

1.0 SUPPORTING INFORMATION

- 1.1 A conservation related presentation by Steve Palmer, the Council's Conservation & Urban Design Consultant from the North of England Civic Trust, was well received by Members and officers at the 26 May 2010 meeting.
- 1.2 It is proposed that such presentations become a regular agenda item (2 or 3 times per year) with this particular presentation concentrating primarily on the maintenance and repair of traditional features such as timber sliding sash windows; panelled doors; cast iron rainwater goods and natural slate roofs and the circumstances in which changes to these traditional features may be permissible.
- 1.3 It is proposed that the presentation, including ample time for questions and answers, will take approximately 1 hour, commencing at 3.00 pm.
