## Equalities

We are committed to meeting the requirements of the Public Sector Equality Duty (Section 149 of the Equality Act 2010). The Public Sector Equality Duty states that a public authority must - in the exercise of its functions - have due regard to the need to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act.
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it.
- Foster good relations between persons who share a relevant protected characteristic and person who do not share it.

As a service we will proactively work to embed equalities considerations within our daily work. Promoting equalities will be reflected in the way we design and deliver services; and in the policy decisions we make. Our work will reflect the commitments set out by the Council in its Single Equalities Scheme.

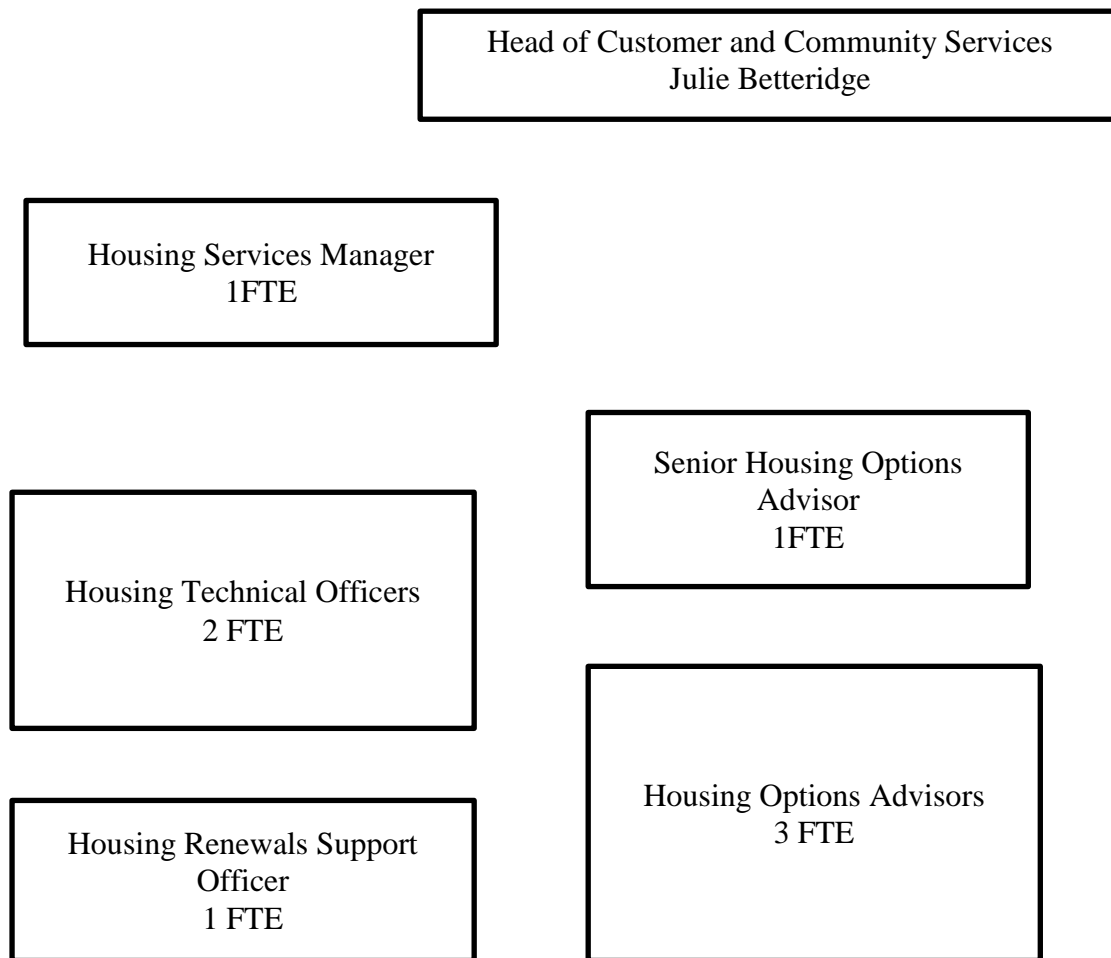

## **1. Purpose of the service and resource profile**

There are five key elements which comprise the strategic housing role:

- Assess and plan for the current and future housing needs of the local population across all tenures.
- Make the best use of existing housing stock
- Plan and facilitate new supply
- Plan and commission housing support services which link homes and housing support
- Work in partnership to secure effective housing and neighbourhood management on an on-going basis.

The service operates within a partnership framework at district and county level to deliver strategic housing services and works in a corporate capacity in areas such as domestic violence, child poverty, welfare reform and community safety. The service has a Service Level Agreement with Cumbria Rural Housing Trust to enable focused delivery activity.

Structure Chart

## **2. Customer Profile of the service**

### Housing Options

Service is open to all members of the public aged 16 or above, some of whom may have been referred by (or referred to) other bodies (i.e. Children's Services, Adult Social Care, Age UK, or CAB). This includes:

- Adults of any age
- Households with children or including a pregnant woman
- Young People, including care leavers
- People with disabilities
- Older people
- Carers
- Ex-armed forces personnel
- Ex-offenders
- People with learning difficulties
- Asylum seekers and refugees
- People with substance/drug/alcohol misuse problems
- People with mental health needs
- Gypsies & Travellers
- Private landlords
- Other local authorities, Health services, Probation etc
- Voluntary & third sector agencies such as Shelter (Cumbria), Community Law Centre
- Registered social housing providers

Note: some people are statutorily not eligible for assistance because of immigration or nationality status but will be given advice.

### Housing Strategy

- Members of the public
- Elected Members of the Council
- Registered social housing providers
- Voluntary & Third Sector partner agencies
- Town, Parish and community groups
- House builders and Developers, including small businesses and individuals
- Private landlords, estate and lettings agents
- All organisations with an interest in housing data (i.e. Shelter, MPs)
- Other local authorities, including Lake District National Park as well as Districts & County Council
- Health Services
- Probation
- Other Copeland Borough Council departments

### Private Sector Housing

Advice and assistance regarding private sector housing is available to all residents of the borough whether owner occupiers or private renters.

The Disabled Facilities Grant service is open to all people via a referral from Occupational Therapy (provided by Cumbria County Council) to ourselves. This service is open to people with disabilities of any age, including:

- Families
- Older people
- Ex-armed forces personnel
- People with learning difficulties
- People with mental health needs
- Borough residents who own or rent their homes (75%-80% of our customers are owner occupiers)
- Carers
- Palliative care patients and others leaving NHS care.

Copeland Disability Forum, Age UK and other bodies have a representative interest in this service and therefore a relationship with us.

### **3. 2013/14 Service Plan Performance Summary**

#### Achievements 2013/14

- Provided information and training to Elected Members on issues including Welfare Reform and changes in legislation.
- Continued to facilitate the delivery of energy efficiency installations in the private housing sector.
- Prevented homelessness by providing financial assistance to tenants with small amounts of rent arrears threatened with eviction.
- Maintained an average 8 weeks waiting time from referral to approval of DFG's.
- Completed a count of rough sleepers.
- Developed a Severe Weather Emergency Protocol for rough sleepers
- Held open days for tenants of social housing providers in partnership with other agencies to provide advice and support on under occupation
- Continued to work with 'Streetlink' to support rough sleepers
- Supported the 'Evict Rogue Landlords' campaign
- Reduced the time spent in bed and breakfast by residents who may be homeless.
- Implemented 'No Second Night Out', to ensure when rough sleepers are identified they do not spend a second night out.
- Worked with private landlords to bring 38 'unfit' properties back up to a decent standard.
- Provided funding and support to residents with disabilities to adapt 113 properties.
- Inspected 40 properties in the private rented sector prior to funding rent deposits for residents who were homeless or at risk of homelessness
- Developed a repossession policy for owner occupiers who are threatened with homelessness
- Carried out a review of homelessness in Copeland
- Developed a homelessness strategy to take us to 2018
- Worked with partners to develop and implement a Young Person's Protocol
- Re-instigated the County homelessness forum
- Brought six empty properties back into use using 'cluster funding'.
- Attended training sessions to ensure all officers in the department are aware of children's safeguarding arrangements

|--|--|---------------------|--|--|--|

## 6. Operational Risks

*In this section the service should identify any risks to service delivery. Where you are stopping certain services, activities, or projects, the risks associated with this should also be recorded here. This will directly feed into the communications plan for managing this process. These risks should be reviewed monthly. Where risks are then escalated via the 'Top Three' process these are discussed at CLT and the corporate Strategic Risk Register is updated where required.*

| <b>Id</b> | <b>Description</b>   | <b>Impact score</b> | <b>Likelihood score</b> | <b>How will this risk managed?<br/>[Treat, tolerate, transfer or terminate]</b>  | <b>Owner</b>                   |
|-----------|--|---------------------|-------------------------|--|--------------------------------|
| 1         | Lack of project resources including reduced partners contribution to existing service areas eg DFG | 3                   | 4                       | Tolerate – in line with capacity to identify additional resources<br>Treat – where possible work with partners to identify additional resources  | Manager                        |
| 2         | Lack of schemes and therefore investment in affordable housing by HCA and providers                | 2                   | 3                       | Tolerate – programme is in place<br>Treat – encourage social landlords to have schemes ready to pick up any underspend opportunities   | Manager                        |
| 3         | Increase in homelessness throughout the borough due to the introduction of Universal Credit        | 3                   | 4                       | Treat – focus on prevention activities and working with partners, including social and private landlords, to ensure effective support to local households to keep them in their homes or able to be relocated appropriately.   | Senior Housing Options Officer |
| 4         | Increased applications for DFG's due to aging population   | 3                   | 3                       | Tolerate – working with partners to ensure effective package of support and available resources best used<br>Treat – an increase by £100k in CBC resources will assist but if we maintain with our policy of no waiting list the treatment will be a further request to Executive for additional capital resources from the ear marked reserve to enable demand to be met within 2014/15 | Manager                        |
| 5         | Existing IT arrangements and systems not enabling customer improvements and efficiencies           | 3                   | 4                       | Tolerate – in knowledge that the service will be picked up in 2014/15 by transformation programme<br>Treat – via Corporate transformation programme  | CLT?                           |
