Source: EDNA – Table 28 and data provided by DLP

In relation to the job losses shown in Table 4.11 of the Strategic Housing Market Assessment (shown above), these figures derived from data provided by DLP who produced the Economic Needs Development Assessment (EDNA). The data is reproduced below in Table 1. The jobs losses column above shows the difference between the number of jobs in 2021 and 2019 under the CE and Experian scenarios below.

Table 1: Job Losses Data provided by DLP (thousands)
