

AP-138

IDP: timescales/phasing: consider refining the timescales and phasing in the schedules to be more precise. Potentially linked to the housing trajectory timescales.

The Council has considered refining the timescales and phasing in the schedules to be more precise but does not believe this change would be particularly meaningful. However, the Council has suggested an additional paragraph to the IDP below to outline and reinforce the link between housing trajectories and necessary infrastructure projects.

Infrastructure Delivery Plan Stage 2 – Infrastructure requirements to support the Local Plan

2.5

There are a number of potential different sources which can be used to fund the delivery of infrastructure which include:

- s106 Agreements • Council Tax
- New Homes Bonus
- Private sector funding
- Public sector funding

2.6

The Council expects that the infrastructure projects identified will be delivered in alignment with the housing trajectories outlined within Appendix E of the Copeland Local Plan.
