

Children's Charter

Hearing your voice

- We understand the valuable contribution children can make to our community.
- We are dedicated to putting children's best interests at the forefront of what we do.
- We will listen and honestly answer any questions you have.

Working with schools

- We will work with school councils to ensure all children are represented in policies that will affect them.

Staying safe

- We will work with other organisations to ensure that you feel safe in your community.
- We will work effectively on your behalf and do everything we can to make you feel safe and protected when you use our service.

Changing people's attitudes

- We recognise that children are the future of Copeland.
- We will challenge negative attitudes towards children facing the most barriers in life and look for ways our services can help.

Promoting health and wellbeing

- We will ensure that children have a safe and clean environment to thrive in.
- We will use our services and Copeland Health and Wellbeing Forum to create projects in your community to ensure you grow up healthy, happy and all you can be.
