Have you heard about the TIP

(that's the Town Investment Plan!)?

Produced by the Cleator Moor Town Fund

Cleator Moor Town Investment Plan

The **Cleator Moor Town Board** brings together people from all over the town, working together to strike a deal to transform our town. We've set out a shared vision for the town and what we believe our TIP needs to achieve to make that vision a reality (Strategic Framework):

Our shared vision for Cleator Moor over the next 15 years:

"A transformed and contemporary town embracing its rich past and vibrant future, committed to the pursuit of inclusive and clean growth.

Cleator Moor will be an attractive, well-connected and outward looking town with a diverse range of employment, education and training opportunities.

The town's high-quality environment will offer an exceptional quality of life through attractive housing, an expanded cultural, retail and leisure offer within a revitalised town centre" For further information please follow the link below.

Draft strategic framework:

To grow and diversify the economy by providing a range of new employment opportunities and stimulating business start-up and growth.

To create a town which benefits from much higher levels of investment in skills, innovation and R&D.

To reduce deprivation and improve community health and well-being.

To enhance the quality of life by investing in an improved cultural, sports and leisure offer set within attractive places and spaces including an animated town centre.

To deliver investment in a diverse and attractive housing offer through new build and renewal to attract and retain residents.

To enhance digital connectivity and inclusion to enable residents and businesses to participate fully in the modern economy.

To secure sustainable movement and accessibility through active travel and improved transport connections.

We are already getting started! £500k secured for immediate impact:

Upgrades to the Cycling and Walking Routes – Making better connections across the town, to help us change the way we travel. These are projects we are hoping to build on with our full Town investment Plan.

Jacktrees Road Gateway into Town – Improvements that residents and visitors can benefit from in time for Summer 2021.

Upgrades to the Sports Facilities – Improvements to the sports facilities within the town to make them fit for purpose for all.

Now lets get £25million more.... Go to: [Mytown.communities.gov.uk](https://mytown.communities.gov.uk)
