Objection Letter against

Traveler's/Gypsies on Greenbank Estate

Land north of Greenbank between Low Road and Mirehouse

GTW3

Name

House No

Road GREENBANK AVENUE

Greenbank

Whitehaven

Cumbria

CA28

Dear Sir,

I writing to you to object in the strongest possible way against the proposals made by Copeland Council to create the Traveler/Gypsy site on Greenbank which would be very close to my house.

My objection is not based on race or origin but purely on the effects the introduction of strangers would have on our present community life.

This site is proposed in an area which will affect The Burnt Houses, and Copeland Avenue on Mirehouse. These Traveler/Gypsy people as everyone knows are a community of their own, with no desire to mix with or be part of any other communities, Greenbank is at present in my opinion a good place to live with a good community spirit and very little disturbance.

The proposed site whether it be constantly inhabited or empty would drastically reduce the price of my house by thousands of pounds on the open market, very few people would want to buy a property that is within a couple of hundred yards of such a settlement. The creation of the proposed site, which is actually on land, on our estate could potentially cause conflicts between the two community's. The introduction of people and children with different views on what is socially correct could be very disruptive.

The reason there are no Traveler/Gypsies in our area at present is because in years gone by when there was a presence, there was couple of serious incidents with clashes between traveler and local youths, we do not want a repeat of what has happened previously. This is the second time that we have been threatened with the proposal of this site, we had to go through all the same process only a couple of years ago, which is very distressing to residents, this threat hopefully will be removed permanently.

Yours Sincerely,

Copeland Borough Council

Here we go again, correct me if I'm wrong this isn't the first time Greenbank has been put forward for this gypsy site. It's far too easy for someone sitting in their ivory tower, or detached property, to suggest using one of the most impoverished areas in Copeland for this site. I am a resident of Greenbank and believed things might improve with the new buildings going up at Wilson Howe etc, but no take the prime sites for the money people and give us the gypsy THANKS, BUT NO THANKS, there were plans for a housing project on the old workhouse site who now is going to want to put money into that development. I think the planners for this will get a pat on the back from the rest of Copeland because it will put the problem in an area with very little clout. Go back to your ivory towers have a laugh and joke at our expense, but you can shove your plans where monkeys shove their nuts.

I'd like to raise my objection to the proposed site north of greenbank, local amenities and road infrastructure in the area is already inadequate. It is also sandwiched between two already deprived estates and will further impact the area when strides are being made to improve the area through the Story's development which again is also straining roads and infrastructure.

I live at [REDACTED]

Helpdesk<https://eur03.safelinks.protection.outlook.com/?url=https%3A%2F%2Fcopelandeu.freshservice.com%2Fcatalog%2Frequest_items&data=04%7C01%7Clocalplanconsultation%40copeland.gov.uk%7C4d078f19848742374b3708da124daa72%7Cb6d1253e02e144bb8e79fe4ee8606cf0%7C1%7C0%7C637842422026508331%7CUnknown%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IjEhaWwiLCJXVCi6Mn0%3D%7C3000&sd ata=USiLV6GPU4ozP%2BsZuok07GS96JDFCbdMn%2FqDgxlx9n8%3D&reserved=0>

I'm a Greenbank resident of many years, and I am greatly against this site being so close to our estate, as you will all know Greenbank is a "deprived " social housing estate, even though just under half the estate is privately owned. Over many years we have been over looked , under represented and left to deal with many undesirable other estates nobody else wanted. Despite all this we have overcome the stigma and have proven to be a family and friends estate, that looks after their own, we have very little crime's or need of police presence. So to that, a traveler's site [REDACTED], that I know wouldn't be looked at correctly. We are being surrounded by Storey homes housing, causing a traffic increase on the st bees road, the site is right next to this road, which over the years has had a large number of traffic collision and some fatalities, the supposed site is also right next to public foot pathways that are heavily used especially by school children, these paths are almost always not well lit , the site is right next to the beautiful Victoria cemetery and ruins of own workhouse, all surrounded by nature including deer and red squirrels. All these issues will most definitely cause problem's .

I'm representing 4 family members from two houses as they are elderly residents of the Greenbank estate, their views are [REDACTED], as well as traffic problems on the main St'Bees road, which is a heavily used road now because of the new estates, there is dark footpaths down near the site used by a lot of children going to and from school. [REDACTED] as where the site will be, there is a lot of under looked spaces for fly tipping. Greenbank will get no benefit whatsoever from this site, just like the new story site, us at Greenbank have had absolutely no benefits from taking away our green spaces. We are the smallest estate, and have always been left at the back of the queue. We are a quiet little estate that has had to put up with far to much of what nobody else want. It's right next to our cemeteries for gods sake enough is enough .

As a resident of Mirehouse west who owns their own property on Langdale Close I wish to register my objection to the siting of the Traveller location, as someone who has paid their rates for almost 50 years I find it objectionable that you the council hold us in such disregard that you believe it is ok to foster this site on the local community, if it was such a positive benefit to the community I suggest you re-site this below Harris Moor near the mayors dwelling.

I wish to register my objection to the siting of the traveller community location between Mirehouse, Woodhouse and Greenbank, I believe this would negatively affect the valuation of my property and cause disruption with-in the local community. I believe you are treating the local tax paying community with scant regard and suggest you rethink your siting.

Dear Sir

I writing to you to object in strongest possible way against the proposals made by Copeland Council to create the Traveler/Gypsy site on Greenbank which would be very close to my house.

My objection is not based on race or origin but purely on the effects the introduction of strangers would have on our present community life.

This site is proposed in an area which will affect The Burnt Houses, and Copeland Avenue on Mirehouse

These people as everyone knows are a community of their own, with no desire to mix with or be part of any other communities,

Greenbank is at present in my opinion a good place to live with a good community spirit and very little disturbance.

The proposed site whether it be constantly inhabited or empty would drastically reduce the price of my house by thousands of pounds on the open market, very few people would want to buy a property that is within a couple of hundred yards of such a settlement.

The creation of the proposed site, which is actually on land, on our estate could potentially cause conflicts between the two community's.

The introduction of people and children with different views on what is socially correct could be very disruptive.

The reason there are no Traveler/Gypsies in our area at present is because in years gone by when there was a presence, there was couple of serious incidents with clashes between traveler and local youths, we do not want a repeat of what has happened previously.

This is the second time that we have been threatened with the proposal of this site, we had to go through all the same process only a couple of years ago, which is very distressing to residents, this threat hopefully will be removed permanently.

Yours Sincerely,

Copeland Borough Council
