

Matter 15, Action 47

Below is the response for the consultants who produced our Transport Improvement Study regarding school pick up/drop off at Bookwell.

We didn't have any specific counts for the school pick up / drop off, but I recall the traffic safety measures that we identified we're to help to address this, and the issues were discussed with officers at one of our workshops –we proposed widening of the pavement – extract here page 50 and 73 of the Transport Improvement Study (Ref EB23):

40	Bookwell	Egremont	Improve safety and access for traffic.
