

| Notes                                                                                                                                                                                                                                                                                                                                        |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>1. Read in conjunction with referenced information within the Architectural Tender Package along with that from supporting conditions and specialists as referred to in tender/Client Requirements.</p>                                                                                                                                   |
| <p>2. Any discrepancies within the documentation to be brought to the attention of the Contract Administrator/Employers Agent for clarification.</p>                                                                                                                                                                                         |
| <p>3. All construction work including the information presented in this drawing is to comply with statutory requirements (Building Regulations and related Planning Permissions), British Standards, Codes and Codes of Practice.</p>                                                                                                        |
| <p>4. Drawings based on survey information provided by Pegasus Survey, the accuracy of which has not been checked. All dimensions and levels are to be confirmed on site prior to procuring any material, fabrication and/or manufacture of the protection equipment or commencement of work.</p>                                            |
| <p>5. This drawing has been released as part of a Stage Design and Build procurement process and illustrates 'Design Intent' on which to base further design development and construction Information. Specific deviation from the standards set in this drawing along with other construction Information may be required and accepted.</p> |
