**APPLICATION FOR HAZARDOUS SUBSTANCES CONSENT
SELLAFIELD, SEASCALE
Sellafield Limited**

The above application dated 22/05/2012 has been considered by the Council in pursuance of its powers under the above mentioned Act and **PLANNING PERMISSION HAS BEEN GRANTED** subject to the following conditions:

1. The hazardous substance(s) shall not be kept or used other than in accordance with the application particulars provided in the Hazardous Substances Consent Application Form, nor outside the areas marked for storage of the substance(s) on the plans which formed part of the application and Location Plan 'Sellafield Ltd Chemical Areas, N Penn, 06.03.12.'

Reason

In the interests of health and safety.

2. Sodium nitrate, Hydrazine Nitrate and Hydroxylamine nitrate shall be delivered and stored on the site as an aqueous solution of maximum strength 40% w/w.

Reason

In the interests of health and safety.

3. Consent is granted in accordance with the petroleum products sub categories set out in Table A (Part A, Category 36) of the HSE's consultation response dated 1 October 2012 (attached).

Reason

To ensure the necessary degree of precision and for the avoidance of doubt.

Informatives

1. The applicant's attention is directed to Section 29 of the Planning (Hazardous Substances) Act 1990 which makes it clear that nothing in any consent granted can require or allow the building or operation of an establishment which does not comply with the relevant statutory provisions and to the extent that any consent purports to require or allow any such thing it is void.
2. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations and any representations that may have been received and subsequently determining to grant Hazardous Substances Consent in accordance with the Planning (Hazardous Substances) Regulations 1992 as amended and the guidance contained in the National Planning Policy Framework.

Reason for Decision

An acceptable proposal to use and store petroleum and toxic substances within the licensed Sellafield nuclear site in compliance with the Planning (Hazardous Substances) Regulations 1992 (as amended).

Approve Hazardous Substances Consent.
