- Drainage Statement, prepared by RWO Associates, reference 15032/DS/1, dated December 2015

Reason

To conform with the requirement of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

4. The proposed accesses hereby approved shall be formed in accordance with approved plans.

Reason

To conform with the requirement of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004

5. There shall be no vehicular access to, or egress from the site other than via the approved access as illustrated on plan reference number A102248/C002, unless otherwise agreed by the Local Planning Authority.

Reason

To avoid vehicles entering or leaving the site by an unsatisfactory access or route, in the interests of road safety in accordance with the National Planning Policy Framework and to support Local Transport Policies LD7, LD8 and policies T1 and DM22 of the Copeland Local Plan.

6. The carriageway, footways, footpaths and cycleways associated with the development shall be designed, constructed, drained and lit to a standard suitable for adoption and in this respect further details, including longitudinal cross sections, shall be submitted to the Local Planning Authority for approval prior to the commencement of development. No work shall be commenced until a full specification has been approved in writing by the Local Planning Authority. These details shall be in accordance with the standards laid down in the current Cumbria Design Guide. Any works so approved shall be constructed before the development is complete.

Reason:

To ensure a minimum standard of construction in the interests of highway safety, in accordance with the National Planning Policy Framework and to support Local Transport Plan policies LD5, LD7, LD8 and policies ST1, T1 and DM22 of the Copeland Local Plan.

7. Ramps shall be provided on each side of every junction to enable wheelchairs and pushchairs to be safely manoeuvred at kerb lines. Details of all such ramps shall be submitted to, and approved in writing, by the Local Planning Authority prior to works commencing and implemented as approved.

Reason

To ensure that pedestrians and people with impaired mobility can negotiate road junctions safely in accordance with policy DM22 of the Copeland Local Plan.

8. No development shall take place until a construction method statement has been submitted to and approved in writing by the local planning authority. The approved statement shall be adhered to throughout the construction period. The statement shall include:

- the means of access for demolition and construction traffic
- the loading and unloading of plant and materials
- the storage of plant and materials used in construction, including measures to prevent silt and other containments entering surface water drains and a scheme for recycling/disposing of waste resulting from construction works.

Reason

To protect neighbour amenity and to protect the environment from pollution in accordance with policy ST1 of the Copeland Local Plan.

9. No construction work associated with the development hereby approved shall be carried out outside of the hours of 07.30 hours-18.00 hours Monday-Saturday, nor at any time on Sundays and bank holidays, unless otherwise agreed in writing by the local planning authority.

Reason

In the interests of neighbouring residential amenity and in accordance with policy ST1 of the Copeland Local Plan.

10. No development shall commence on site until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the planning authority.

This written scheme will include the following components:

- An archaeological evaluation:
- An archaeological recording programme, the scope of which will be dependent upon the results of the evaluation:
- Where significant archaeological remains are revealed by the programme of archaeological work, a post-excavation assessment and analysis, preparation of a site achieve ready for deposition at a store approved by the local planning authority, completion of an archive report, and a submission of the results for publication in a suitable journal

Reason

To afford reasonable opportunity for an examination to be made to determine the existence of any remains of archaeological interest within the site and for examination and for the preservation, examination or recording of such remains.

11. The development hereby permitted shall not be commenced until such times as a scheme to dispose of foul and surface water has been submitted to and approved in writing by the local planning authority in relation to the development. The scheme shall be implemented as approved.

Reason

To protect the water environment and in accordance with policy DM11 the Copeland Local Plan.

12. The development hereby permitted shall not begin until a surface water drainage scheme, based on sustainable drainage principles and an assessment of the hydrological and hydrogeological context of the development, has been submitted to and approved in writing by the Local Planning Authority. The scheme shall then be implemented in accordance with the approved details before the development is completed.

The scheme shall also include:

- details of how the scheme shall be maintained and managed after completion;
- details of the design parameters used and confirmation that climate change has been incorporated into the design.

Reason

To prevent increased risk of flooding, to improve and protect water quality, improve habitat and amenity and ensure future maintenance of the surface water drainage system in accordance with policies DM10 and DM24 of the Copeland Local Plan.

13. Before development commences full details of the foul drainage scheme shall be submitted to and approved in writing by the local planning authority. The approved scheme shall become operational before the development is brought into use and shall be so maintained thereafter.

Reason

To ensure the provision of a satisfactory drainage scheme and in accordance with policy DM24 of the Copeland Local Plan.

Informatives

1. The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

2. Public footpath 431022 crosses Phase 1 of the proposed development and must not be altered or obstructed before or after the development has been completed. If the footpath is to be temporarily obstructed then a formal temporary closure order will be required. Please contact andy.sims@cumbria.gov.uk for further information. Please note there is a 14 week lead in time for this process.

Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the National Planning Policy Framework.
