TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED).

NOTICE OF GRANT OF PLANNING PERMISSION

Stobbarts Ltd
Tarn Howe
Workington
CA14 3YP
FAO: Mr Peter Lee

APPLICATION No: 4/24/2340/0F1

**ERECT A SINGLE STOREY EXTENSION TO THE WEST GABLE OF THE
EXISTING CRICKET CLUB TO ALLOW FOR STORAGE**

WHITEHAVEN CRICKET CLUB, RICHMOND TERRACE, WHITEHAVEN

Stobbarts Ltd

The above application dated 03/10/2024 has been considered by the Council in pursuance of its powers under the above mentioned Act and PLANNING PERMISSION HAS BEEN GRANTED subject to the following conditions:

Conditions:

1. The development hereby permitted must commence before the expiration of three years from the date of this permission.

Reason

To comply with Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. This permission relates to the following plans and documents received on the respective dates and development must be carried out in accordance with

them:

Proposed Plans, scale 1:100, Drawing No. 001, received 19th November 2024

Location Plan, scale 1:1250, Drawing No. 002, received 19th November 2024

Block Plan, scale 1:500, Drawing No. 003, received 19th November 2024

Reason

To conform with the requirement of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

3. Following approval of the development, construction activities that are audible at the site boundary shall be carried out only between the following hours: Monday to Friday 08.00 – 18.00 and Saturday 08.00 – 13.00 and at no time on Sunday or Bank Holidays. Deliveries to and removal of plant, equipment, machinery and waste from the site must only take place within the permitted hours detailed above unless otherwise agreed with the Local Planning Authority.

Reason

In the interests of the amenities of neighbouring occupiers during the construction of the development.

4. In the event that contamination is found at any time when carrying out the approved development that was not previously identified, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken and where remediation is necessary a remediation scheme must be prepared, which should be submitted to and approved in writing by the Local Planning Authority. Following completion of measures identified in the remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority.

Reason

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors.

Informative Notes

1. The application site lies within an area that has been defined by the Coal

Authority as containing potential hazards arising from former coal mining activity at the surface or shallow depth. These hazards can include: mine entries; shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of new development taking place.

Under the Coal Industry Act 1994 any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) require the prior written permission of the Coal Authority since these activities can have serious public health and safety implications. Such activities could include site investigation boreholes, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain permission to enter or disturb our property will result in the potential for court action. Application forms for Coal Authority permission and further guidance can be obtained from The Coal Authority's website at: www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required from the Coal Authority. Further information regarding Incidental Coal Agreements can be found at: www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements.

If any suspected coal mining feature is encountered on site, this should be reported immediately to the Coal Authority on 0800 288 4242. Further information is available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority.

2. The site is within the Whitehaven Smoke Control Area, designated under the Clean Air Act 1956, and residents and businesses must not emit smoke from a chimney and buy or sell unauthorised fuel for use unless it is used in an exempt appliance approved by DEFRA, see <https://uk-air.defra.gov.uk/sca/>.
3. Radon Map UK shows that the site is within a 1 km grid square of elevated radon potential. Maximum radon potential is 5 – 10% and basic radon protection may be required.

Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against, primarily, the development plan policies, any duties applicable and also all material considerations, including Local Plan policy, the National Planning Policy Framework and any stakeholder

representations that may have been received. In this context, having identified matters of concern with the application as originally submitted and, if applicable, following negotiations with the applicant, acceptable amendments and solutions to the proposal have been received. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

**TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT
PROCEDURE) (ENGLAND) ORDER 2015**

PART 2

TOWN AND COUNTRY PLANNING ACT 1990

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice.
- Appeals can be made online at: <https://www.gov.uk/appeal-planning-decision> . If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.
- The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part V1 of the Town and Country Planning Act 1990.
