3. The temporary siting of the two storage containers hereby approved shall cease to be used/occupied and shall be removed from the site within 5 years of the date of this approval.

Reason

The storage containers hereby approved are only acceptable as a temporary measure, in accordance with the National Planning Policy Framework and Policy DS4 of the Copeland Local Plan.

Informative Notes

Biodiversity Net Gain – Applicable

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition “(the biodiversity gain condition”) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the local planning authority, and
- (b) the local planning authority has approved the plan.

The planning authority, for the purposes of the Biodiversity Gain Plan is Cumberland Council.

Based on the information available this permission is considered to be one which will require the approval of a biodiversity gain plan before development is begun because none of the statutory exemptions or transitional arrangements are considered to apply.

Before commencing development, a Biodiversity Gain Plan needs to be submitted and approved by the local planning authority.

Commencing development which is subject to the biodiversity gain condition without an approved Biodiversity Gain Plan could result in enforcement action for breach of

planning control.

The template for the preparation of a Biodiversity Gain Plan can be accessed via this link: <https://www.gov.uk/government/publications/biodiversity-gain-plan>

Coal Informative

The proposed development site lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority.

Wildlife Informative

The Council seek to highlight that their planning decision has been determined based on the merits of the submitted evidence and the proposal. Should any protected species be discovered during the course of implementing the development works, then under the provisions of the Wildlife and Countryside Act 1981, works should cease and further guidance should be sought from Natural England at:

Natural England
County Hall, Spetchley Road
Worcester
WR5 2NP

Email: enquiries@naturalengland.org.uk

Telephone: 0300 060 3900

Opening times: 8:30am to 5pm, Monday to Friday (excluding public holidays)

The Council emphasise that any harm to a protected species or its habitat constitutes a criminal offence under the above statutory Act and may be subject to legal prosecution.

Environment Agency

We would recommend that the proposed storage containers are secured to the ground to avoid any potential floating or displacement as a result of flooding. In addition, the applicant should ensure that any sensitive infrastructure such as gas and water pipes or electrical cabling are located and designed to withstand the potential impacts of flooding.

Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the National Planning Policy Framework.

PART 2

TOWN AND COUNTRY PLANNING ACT 1990

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice.
- Appeals can be made online at: <https://www.gov.uk/appeal-planning-decision> . If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.
- The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part V1 of the Town and Country Planning Act 1990.
