TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED).

NOTICE OF GRANT OF PLANNING PERMISSION

Geoffrey Wallace Limited
11 St Bridgets Close
Brigham
Cockermouth
CA13 0DJ
FAO: Mr Geoffrey Wallace

APPLICATION No: 4/25/2325/0F1

**ALTERATIONS, EXTENSION AND RENOVATIONS INCLUDING CHANGE OF
USE OF ATTACHED BUILDING**

WOODEND MILL, WOODEND, EGREMONT

Mr Phillip Toomey

The above application dated 01/09/2025 has been considered by the Council in pursuance of its powers under the above mentioned Act and PLANNING PERMISSION HAS BEEN GRANTED subject to the following conditions:

1.The development hereby permitted must commence before the expiration of three years from the date of this permission.

Reason

To comply with Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. This permission relates to the following plans and documents as received on the respective dates and development must be carried out in accordance with them: -

Application Form,
Proposed Ground Floor Plan, reference 21/0298/01
Proposed First Floor Plan, reference 21/0298/02
Proposed Elevations Plan, reference 21/0298/03
Proposed Section Plan BB, reference 21/0298/09
Proposed Section Plan CC, reference 21/0298/10
Proposed Block Plan and Location Plan, reference 21/0298/11
Flood Risk Assessment prepared by Geoffrey Wallace Limited
Design and Access Statement, prepared by Geoffrey Wallace Limited, reference 24/298, dated 28th May 2025

Reason

To conform with the requirement of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

3. The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those as stated in the application form and submitted drawings unless otherwise approved in writing by the Local Planning Authority.

Reason

To ensure that the finished appearance of the development will enhance the character and visual amenities of the area.

4. In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken and, where remediation is necessary, a remediation scheme must be prepared and be submitted and approved in writing by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared which is subject to the approval in writing of the Local Planning Authority.

Reason

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off site receptors

5. Prior to the commencement of works details for the separate foul and surface water drainage systems shall be submitted to and approved in writing by the Local

Planning Authority. The approved scheme shall be fully implemented prior to the occupation of any dwelling houses hereby approved.

Reason

To ensure a satisfactory standard of surface water and foul drainage.

6. Following approval of the development, construction activities that are audible at the site boundary shall be carried out only between the following hours.

Monday to Friday 08.00 – 18.00 and
Saturday 08.00 – 13.00 and at no time on Sunday or Bank Holiday.

Deliveries to and removal of plant, equipment, machinery and waste from the site must only take place within the permitted hours detailed above unless otherwise agreed with the Local Planning Authority.

Reason

In the interests of the amenities of surrounding occupiers during the construction of the development

INFORMATIVES

Environment Agency Advice

The Environmental Permitting (England and Wales) Regulations 2016 require a permit to be obtained for any activities which will take place –

- on or within 8 metres of a main river (16 metres if tidal)
- on or within 8 metres of a flood defence structure or culverted main river (16 metres if tidal)
- on or within 16 metres of a sea defence
- involving quarrying or excavation within 16 metres of any main river, flood defence (including a remote defence) or culvert
- in the floodplain of a main river if the activity could affect flood flow or storage and potential impacts are not controlled by a planning permission

For further guidance please visit <https://www.gov.uk/guidance/flood-risk-activities-environmental-permits>

or contact our National Customer Contact Centre on 03708 506 506.

The applicant should not assume that a permit will automatically be forthcoming once planning permission has been granted, and we advise them to consult with us at

the earliest opportunity.

The applicant should be aware of the benefit of flood warnings/alerts. Flood warnings/alerts can give people valuable time to prepare for flooding – time that allows them to move themselves, their families and precious items to safety. Flood warnings/alerts can also save lives and enable the emergency services to prepare and help communities.

To register for a flood warning/alert, please call Floodline on 0345 988 1188 or visit <https://www.gov.uk/sign-up-for-flood-warnings>. This is a free service that provides warnings of flooding from rivers, the sea and groundwater, direct by telephone, email or text message and anyone can sign up.

For practical advice on preparing for a flood, visit <https://www.gov.uk/prepare-for-flooding>.

To get help during a flood, visit <https://www.gov.uk/help-during-flood>.

For advice on what to do after a flood, visit <https://www.gov.uk/after-flood>.

Biodiversity Net Gain – Exemption Applicable

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- a) A Biodiversity Gain Plan has been submitted to the planning authority, and
- b) The planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Cumberland Council. There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply.

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because the statutory exemption listed below is considered apply:

Exemption – Householder Development

Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the National Planning Policy Framework.

PROCEDURE) (ENGLAND) ORDER 2015**

PART 2

TOWN AND COUNTRY PLANNING ACT 1990

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- Appeals can be made online at: <https://www.gov.uk/appeal-planning-decision> . If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.
- The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part V1 of the Town and Country Planning Act 1990.
