Proposal

In July 2024, outline planning permission (ref: 4/23/2076/001) was granted by Members of the Planning Committee for a residential development of up to 65 dwellings with details of the proposed access and all other matters reserved.

Cumberland Council

This current application seeks to discharge conditions 9(iii) attached to outline planning approval 4/23/2076/001 relating to plots 7, 8 and 9. This condition states the following:

Contamination Assessment

9. No development approved by this planning permission shall commence until a remediation strategy to deal with the risks associated with contamination of the site in respect of the development hereby permitted, has been submitted to, and approved in writing by the Local Planning Authority. This strategy must include the following components:
- i) A site investigation scheme, including a Phase 2 Ground Investigation Report and watching brief, based on the desk study to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off-site.
 - ii) The results of the site investigation and the detailed risk assessment referred to in (1) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.
 - iii) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the remediation strategy in (2) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

Any changes to these components require the written consent of the Local Planning Authority. The scheme must be implemented as approved.

Reason

To ensure that the development does not contribute to, and is not put at unacceptable risk from or adversely affected by, unacceptable levels of water pollution in accordance with the provisions of Policy ST1 of the Copeland Local Plan 2013 – 2028.

The information submitted to support this application comprises of the following:

- Application Form, received by the Local Planning Authority on the 24th February 2026.
- Gas Membrane Installation Verification Report (Plots 7, 8 & 9), Prepared by GeoCon Site Investigations Ltd February 2026, received by the Local Planning Authority on the 24th February 2026.

Consultation Responses

Environment Agency

Thank you for consulting us on the above application.

Environment Agency Position:

We have no comments from Land contamination perspective. The submitted verification report relates to potential remediation of gas issues.

We recommend that the LPA consults Environmental Health regarding the discharge of condition 9.

Cumberland Council – Environmental Health

Environmental Health are happy with the verification report and are satisfied that condition 9 (iii), relating to plots 7, 8 and 9 of this development, may be discharged.

Planning Policy

Planning law requires that applications for planning permission must be determined in accordance with the Development Plan unless material considerations indicate otherwise.

Development Plan

On 1st April 2023, Copeland Borough Council ceased to exist and was replaced by Cumberland Council as part of the Local Government Reorganisation of Cumbria.

Cumberland Council inherited the local development plan documents of each of the sovereign Councils including Copeland Borough Council, which combine to form a Consolidated Planning Policy Framework for Cumberland.

The inherited the local development plan documents continue to apply to the geographic area of their sovereign Councils only.

The Consolidated Planning Policy Framework for Cumberland comprises the Development Plan for Cumberland Council until replaced by a new Cumberland Local Plan.

Copeland Local Plan 2021 - 2039 (LP):

Cumberland Council continued the preparation of the LP as commenced by Copeland Borough Council.

The LP was adopted by Cumberland Council on the 5th of November 2024 replacing the Copeland Local Plan 2013-2028 and the saved policies of the Copeland Local Plan 2001-2016.

Planning approval 4/23/2056/001 was determined under the previous Local Plan, however this current discharge of conditions application is being considered under the Copeland Local Plan 2021-2016 as this now forms the development plan.
