

SITE DRAINAGE:
The site be drained on a separate system with foul and surface water draining in the most sustainable way. Surface water drainage will be installed in accordance with the hierarchy of drainage options in the National Planning Practice Guidance

SITE MITIGATION MEASURES:
The development will include the implementation of the details and mitigation measures specified in the Phase 2 Ground Investigation Report Ref:2020-4302 prepared by GEO Environmental Engineering.

Proposed Site Plan
1:200
