

UPDATED INFORMATION REQUEST

As requested on the 15/25 I am providing more information for the change of use for 32 Snaefell Terrace Seacliff Whitehaven Cumbria CA28 9QF.

The change of use applies to the garage only. The garage/business would relate solely to myself. This would not be a place of employment of anyone else. The only person working in the garage/business would be myself.

The garage/business would operate on a booking system by appointment. I would have a 15 minute space between each appointment. This would give each client/customer time to leave before the next client/customer arrives. This would also help with the flow of parking on the drive. I would offer a walk in service if I had no appointment booked or a client/customer arriving. If a walk in client/customer arrives when I have a client/customer in the shop with an appointment I would advise them when I was free and offer them an appointment.
