Details of the pre-application advice received

During a teams call re planning for the track we discuss the intention to put solar lights around the track in the future. Nick advised that we would need to apply for planning permission. We discussed how they would be low level and not powerful and they would be on a for a limited time only. We identified that this would be better done as a separate project and at the time we did not have any funding, but this has now changed and we have the funding to install.
