Description

Please describe details of the proposed development or works including any change of use

I would like to install an 8ft x 8ft green metal shipping container to be used as storage for rugby training and match day equipment. Historically the local neighbours have been very kind and allowed us to use their garages however this is no longer an option for the club. As we do not have a clubhouse at the field we are now stuck when it comes to storage. The club has really pushed for the numbers of children getting involved in rugby and now with over 200 children from 4-18 signed up, storage as become a real problem.
