Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Please state why you wish to make this amendment

We have been advised by Eden Insulation Ltd, timber frame specialists in Cumbria, that the proposed silicone render cladding is not suitable for timber frame structures as the flexibility of the structure in high winds makes the render prone to cracking, resulting in water ingress. In this particular case, the fact that it is a 3-storey house and in an exposed windy location reinforces the case against a render finish. A more suitable type of cladding is timber boarding. As the house has been remodelled to be a mirror image of the adjacent semi-detached house, itself a 3-storey brick-built house with white render, it is felt that black timber boarding will best complement the adjacent white render finish.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
