Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

There is a very large waiting room for patients on the first floor of the building which I would like to partition to create a smaller waiting room and an additional clinical room. When the building was renovated in 2008 the partition wall in that room had been removed so I would like to install a wall in the same place again.

Has the development or work already been started without consent?

The building originally had planning consent for conversion of the building into 10 residential units under consent reference number 4/05/2244/0. The property was bought by the GP partners at that time and converted into a GP practice. Not sure of the application number for this work I'm afraid.
