Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes
 No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The project involves the conversion of an existing garage into a new bedroom, a small utility room, and a W/C, all within the existing footprint.

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes
 No

Has the proposal been started?

Yes
 No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing garage forms part of the original dwelling house and was constructed as part of a lawful residential development. Its use as a domestic garage is incidental to the lawful use of the property as a single dwelling house. It has not been subject to any planning conditions or enforcement action restricting its use. As such, the existing building is lawful, and it is therefore lawful to alter it internally as proposed.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

The drawing set attached to this application supports the grounds for the application, detailing the existing and proposed.

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

A Lawful Development Certificate should be granted, as the proposal involves the internal conversion of an existing garage into a bedroom, W/C, and utility room, all wholly within the existing footprint. The works do not increase the building's size or volume, do not result in severe material external alterations, and does not change the use of the C3 dwelling house. The proposal therefore falls within permitted development rights under the Town and Country Planning (General Permitted Development) (England) Order 2015 and does not require planning permission.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

The agent
 The applicant
 Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

Yes
 No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Yes
 No

Interest in the Land

Please state the applicant's interest in the land

- Owner
- Lessee
- Occupier
- Other
