Description

Please describe details of the proposed development or works including any change of use.

We are Shackles Off Youth & Community project delivering predominately youthwork. We currently rent 1a South Parade as our 'drop in' centre/office and have been in this building since Jan 2009. Our Landlord has sold the building and we have to move out. Long term we are looking to build a new facility within the village and are currently putting a plan together which will be a separate application to yourselves for advice shortly. The new build is proposed to be on the SASRA Windscale Complex and there has been a working group set up to oversee this development which is in the early stages. THIS application is for a temporary change of use of a vacant residential property to ensure the community facility can continue in the mean time prior to the new build. We estimate the time needed for the change of use to be a maximum of 24 months when the property can then revert back to residential use.

The project has strong links with both churches in the village and the Church of England has offered us the use of the vicarage which is no longer used as a vicarage (We will be renting it). The Vicar and diocese are very keen to help us with our need for a short term use of 18-24 months. The vicar will continue to use the office study which is completely self contained without accessing the main part of the property. The property is much larger and more accessible than the property that we use now which is a terraced property on South Parade. Below is a list of activities we want to do at the vicarage;

- 1)Office Space for 6 staff- This will be in the upstairs of the vicarage.
- 2)Small group work with young people aged 11-18 -These groups are currently between 2-10 young people and are Mondays Wednesdays and Fridays between 5pm -9pm and consist of informal education workshops.- This will be in the two downstairs large rooms.
- 3)Space for 1:1 work with young people and those who are NEET ( Not in education training or employment) This is a drop in held Mondays-Thursdays in the Afternoon- This will be in one of the smaller rooms upstairs or downstairs for those with accessibility issues.
- 4)Tech and Chat afternoon- A 'drop in' coffee afternoon for over 60's to just chat and also if anyone needs any help with 'tech' such as mobiles, laptops & tablets;- This is on Wednesday afternoons 2pm-4pm- This will be in the two downstairs large rooms.
- 5)Support groups such as the autism support group for Parents are held monthly during the days and these are for 1-2 hours at a time and are 'drop in' events for around 6-10 people

We will continue to deliver our 2 larger youth sessions @ Methodist Church hall Seascale due to space and numbers attending.

We have contacted highways via email regarding parking. We don't envisage parking being a problem as young people access our current facility on foot. If parking is needed there is 6 places at the vicarage and plenty of space on street opposite the cricket pitch as well as the sports hall.

23. Pre-application Advice

Details of the pre-application advice received

As I am sure you will be aware the site is currently registered as a residential dwelling, therefore planning permission will be required to utilise the site for the youth project. Whilst the Local Planning Authority would want to help to retain this community facility within Seascale we would have concerns with the loss of a dwelling within the settlement. I would advise that a way to progress this matter would be to apply for a temporary permission, however this would have to link to the creation of a more permanent solution as part of the justification for the proposal (i.e. a new build as detailed within your pre application enquiry form).  
Based on a review of the site I would advise that I would also have concerns about the level of off street parking which can be accommodated within the site to serve the community facility. The site currently has a small driveway which I don't believe would provide the required parking for the proposed use. I would therefore advise that you contact Cumbria Highways to discuss this matter before progressing an application of this nature.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
