Details of the pre-application advice received

The planning officer answered my queries about relevant searches, floorplans not being required for outline planning and informed me to submit the application electronically in order to save time.

The planning officer informed me the proposed house was in front of the line of the existing houses, this has now been moved back so the house is in line with the rest of the houses.

The planning officer informed me that the proposed land on which the planning permission is being sought is the only amenity space within the estate, under this planning application I have proposed to offer an alternative plot of land, which I own on the estate as amenity and parking space for the community to use, as per the site plan.

Please also note that there is a large park next to the estate, and several car parking spaces along with a large car park that has 22 spaces which do not appear to be used to full capacity.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
