Description of the Proposal

Please provide a description of the approved development as shown on the decision letter

CONSTRUCTION OF 14 DWELLINGS FOR AFFORDABLE RENT AND ASSOCIATED INFRASTRUCTURE, PARKING AND LANDSCAPING
JEFFERSON PARK, WHITEHAVEN

Reference number

Postcode

4/21/2339/0F1

Date of decision (date must be pre-application submission)

25/11/2021

Please state the condition number(s) to which this application relates

Condition number(s)

Condition 8 - Prior to the commencement of development, a construction management plan must be submitted to and approved in writing by the Local Planning Authority.

This must include the following as a minimum:

- All HGV deliveries to the site must be be carried out solely between the hours of 09:00 and 17:00 Monday to Friday. There must be no HGV deliveries on Saturdays, Sundays and Bank Holidays;
- No idling or waiting by deliveries to prevent noise nuisance;
- Construction operating hours must not exceed 08:00 18:00 Monday to Friday, 08:00 13:00 Saturdays and no operation on Sunday or Bank Holidays;
- Dust emissions, noise and vibration levels and remedial action to prevent nuisance from dust, noise and vibration;
- A contact telephone number for members of the public to report any concerns or complaints.

Condition 13 - The drainage for the development hereby approved, must be carried out in accordance with principles set out in the submitted Foul & Surface Water Drainage Design Drawing K38379 - 100, Rev 0 - Dated 02.07.2021 which was prepared by RGPARKNS. For the avoidance of doubt and unless otherwise agreed in writing by the Local Planning Authority. No surface water will be permitted to drain directly or indirectly into the public sewer. The development must be completed in accordance with the approved details.

○ No	
If Yes, please state when the development was started (date must be pre-application submission)	
27/06/2022	
Has the development been completed? ○ Yes ⊙ No	

Condition(s) - Variation/Removal

Has the development already started?

(V) Vac

Please state why you wish the condition(s) to be removed or changed

Condition 8 -

We were advised to apply for a change in delivery times as construction work can begin at 8 am but the site can't accept deliveries until after 9 am. We are still struggling with material shortages on site and often the delivery companies are not providing delivery timings but it can be anything from 8 am onwards. To avoid delays on site caused by deliveries unable to be accepted due to the restrictions of the condition we are applying for a variation to change the delivery time to 8:00 am. In addition, we have been advised by Highways to update the site setup plan as indicated in the original CEMP (Please see Appendix 2). We are proposing to move contractor/visitor parking off the main road to minimise disruption for residents as a result of a lack of space as the development progresses. Additionally, due to material shortages, we have had to bulk order and store materials onsite, further reducing parking availability. Highways advised the applicant on the layout of the site set-up to avoid any overspill onto the main road working within the boundary of the site, affecting the visibility of the junction and minimise disruption. Please see the plan "CEMP Appendix 2 - Site Set-up Rev A 230223".

Condition 13 -

The mains services have been found to be in the way impacting the original proposal. As a result, RG Parkins have redesigned the foul and surface water drainage plan. The proposed change to the plan means that the previously proposed L-shaped attenuation tank will now be split into 2 tanks with an approximate gap of 1500mm. This means the section of tank running adjacent to Plot 14 will move by 1500mm and the 2 attenuation tanks will be joined at a low level by connecting drainage pipes, allowing services to run through the gap between the 2 tanks. We are proposing to change the condition to refer to the updated drainage layout.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

Condition 8 -

Prior to the commencement of development, a construction management plan must be submitted to and approved in writing by the Local Planning Authority. This must include the following as a minimum:

- All HGV deliveries to the site must be carried out solely between the hours of 08:00 and 17:00 Monday to Friday. There must be no HGV deliveries on Saturdays, Sundays and Bank Holidays;
- No idling or waiting by deliveries to prevent noise nuisance;
- Construction operating hours must not exceed 08:00 18:00 Monday to Friday, 08:00 13:00 Saturdays and no operation on Sunday or Bank

Holidays;

- Dust emissions, noise and vibration levels and remedial action to prevent nuisance from dust, noise and vibration;
- A contact telephone number for members of the public to report any concerns or complaints.

Condition 13 -

The drainage for the development hereby approved, must be carried out in accordance with principles set out in the submitted Foul & Surface Water Drainage Design Drawing K38379-20G PROPOSED FOULAND SURFACE WATER DRAINAGE PLAN-A1-L, Dated 10.12.2021 which was prepared by RGPARKNS. For the avoidance of doubt and unless otherwise agreed in writing by the Local Planning Authority. No surface water will be permitted to drain directly or indirectly into the public sewer. The development must be completed in accordance with the approved details.

Date (must be pre-application submission)
19/12/2022
Details of the pre-application advice received
The applicant met with Sarah Papaleo and Demi Crawford in response to complaints about site delivery times, parking, and waste. The planning officer suggested that alterations to the planning conditions would allow residents to be consulted and allow us to update the site set up plan from the original CEMP. It was additionally advised to consult with Highways regarding the site set-up. The applicant then consulted with highways on the 11th of January who suggested a new layout for the site set up to prevent any overspill onto the main road, which would affect the visibility of the junction.

Ownership Certificates and Agricultural Land Declaration

Site visit

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

Is any of the land to which the application relates part of an Agricultural Holding?
○ Yes
⊙ No
Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
