Replace the separate front door entrance space and side window aperture with a wider front door entrance space. This space will incorporate the side window, lengthened, into a single combined door/window panel.

Please state why you wish to make this amendment

Placing the side window in the same plane as the front door allows an improved measure of security for the householder and family as visitors can be checked visually before the door is opened. The wider entrance space and 838mm wide door will improve disability access.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
