- SAFETY, HEALTH AND ENVIRONMENTAL INFORMATION
- In addition to the hazards/risks normally associated with the types of work detailed on this drawing. Note the following significant risks:
- Absence of statutory undertaking information.
 - Widening of the carriageway and associated construction methods.
- Welfare & Environmental
- The Contractor is required to provide welfare facilities in accordance with the Construction (Design and Management) Regulations 2015 and any subsequent amendments.
 - Tools with dust suppression should be used during the cutting of concrete kerbs.
- Construction
- Utility searches have not been provided and therefore impact on statutory undertakers' apparatus is not known. This information is required prior to mobilisation as an impact is expected to affect design and scheme costs.
 - A Hazard Elimination Risk Reduction Register (HERRR) has been created and will be issued as part of this package. Where hazards have a risk rating of amber or red, these risks have been shown in the form of hazard triangles with a reference corresponding to a row in the HERRR.
