

Biodiversity Net Gain Exemption Statement

Dear sir/madam.

Please find below the information showing that my planning application is exempt for BNG:

“The development is classified as “small development” under the article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015(1) making it exempt from the Bio Diversity Net Gain Conditions.”

I hope this information has all the details you need.

Regards

Mrs Carol Ormerod
