Application: 4/24/2372/0F1

Name: Hannah Webb - Ponsonby Parish Clerk

Address:

Email:

Comments:

The Parish Council have requested that further consideration is given to a traffic management plan. The current plans do not appear to outline agreed transport movements or timings. The Parish Council request for vehicle movements to be made from Sellafield towards Blackbeck Roundabout and not through the village of Calderbridge.

Further clarity is also requested regarding project time scales - how long are demolition works likely to take, and how long are additional vehicle movements are likely to last for?

Summary of response: Neutral
