Dear Heather

Re: 4/24/2059/0F1

Construction of two yards with fencing and gates to each yard; 1 Leconfield Industrial Estate, Cleator Moor

Thank you for your consultation letter of 27 February 2024 seeking the views of the Coal Authority on the above planning application.

The Coal Authority is a non-departmental public body sponsored by the Department for Energy Security and Net Zero. As a statutory consultee, the Coal Authority has a duty to respond to planning applications and development plans in order to protect the public and the environment in mining areas.

The Coal Authority Response

The application site does fall within the defined Development High Risk Area; however, I can confirm that the **nature of development is listed as exempt** from Version 7, January 2023 of the Coal Authority's *Guidance for Local Planning Authorities*.

Accordingly, there is no requirement under the risk-based approach that has been agreed with the LPA for a Coal Mining Risk Assessment to be submitted with any planning application or for the Coal Authority to be consulted on this proposal.

Please do not hesitate to contact me if you would like to discuss this matter further.

Yours sincerely

Chris MacArthur *B.Sc.(Hons), DipTP, MRTPI*
Planning Liaison Manager
