DISCUSSION

The tree is in the mature age class and show signs of normal health.

From the Cumberland Council website ([My Neighbourhood](#)), Tree Preservation Order (TPO) No.77 protects this tree. The website does not give details of the TPO.

Our TEMPO assessment (page 2) shows the tree definitely merits a TPO.

Given the health, age and size of the tree, we expect the proposed work will not significantly impact the local or wider amenity of the area. We consider this work will not have a detrimental impact on the local landscape; therefore, we consider the proposed work is acceptable.

We recommend informing the applicant they can carry out the work in the application subject to the following condition.

We recommend attaching the following conditions:

1. Carry out all pruning work in accordance with BS3998:2010 Tree work – Recommendations section 7.7 ‘Crown reduction and reshaping’.

Reason: In accordance with Section 198 of the 1990 Town and Country Planning Act and in the interest of good arboricultural practice.
