## **CONSULTANTS REPORT**

### **DESCRIPTION OF PROPOSAL**

<b>SPECIES</b>	<b>PROPOSED WORKS</b>
1x Birch tree.	Removal of a Birch tree situated in a Conservation Area
<b>REASON</b>	
<i>'Removal of birch tree no 1 as referenced on the sketch PP-14141006/002.'</i>	

### **DISCUSSION**

The tree is in the early-mature age category and show signs of early decline, with dead twigs and branches at the top of the crown.

From the Cumberland Council website, the site falls within the St Bees Conservation Area. The website indicates a Tree Preservation Order (TPO) might protect this tree. Check the Council's copy of the TPO document to clarify if it is protected.

We consider the work detailed in the application reasonable to prevent the tree from becoming a nuisance.

Our TEMPO assessment (page 2) shows a TPO is indefensible.

### **RECOMMENDATIONS**

Inform the applicant they can carry out the work in the notification or wait for the six-week determination period to lapse.
