Morning Chris,

In response to the consultee response from David Bechelli, please find attached the private layout drawing in response to his query on condition 34 and 36 regarding connections from the properties.

For condition 35 - I can confirm that all drainage is adopted either by UU or will be taken on by the customers as part of their deeds.

I hope that helps resolve these queries but if you do need anything else, please do not hesitate to contact me.

Kind Regards

Jennie
