Hi Christopher,

Further to the below please see the attached in regards to the queries on ACO drains (note on shared drives filter drains have been detailed to pick this up.

If you have any queries or require any further details required let me know.

Kind Regards
Elizabeth

Hi Christopher,

It appears there were a few documents missing so please see the attached as follows:

- CCC Query Condition 6 – Construction Traffic Management Plan – attached as required.
- CCC Query Condition 9 – Construction Phase Surface Water Management Plan – attached as required
- Flood & Coastal Defence – Condition 7 - plan21108 02 rev P3 – attached as required, I can confirm that the works have commenced (works undertaken via Story Homes) and are due to complete by 12/08/22.
- Flood & Coastal Defence – Condition 9 – Construction Phase Surface Water Management Plan – Attached as required.

The only query I haven't answered with the above is from CC in regards to the ACO drain as I need to liaise with the Consultant on this. Once I have received updates I will provide the updated information.

If you have any queries on the above do not hesitate to contact me.

Kind Regards
Elizabeth
