Dear Chloe,

Thank you for your email you sent to the
applicant Mr Ashburner, re: Flood engineers comments.

Please find enclosed a copy of amended block plan
showing the surface water drainage details, existing.
(Plan No 1760, sheet 2)

There is no plans to enlarge the soakways as
working very well. Even in times of heavy rain
there is no more standing water around these
areas, as anywhere else.

Yours faithfully
