Afternoon Christie

In considering the response from the Environmental Health team to this proposal, it would be helpful if the applicant could provide further details on the proposed commercial operation of the car selling from the site eg hours of opening, details of any external lighting, is the current tarmac surface of the rear yard to be used unchanged, drainage of the rear yard, any toilet facilities for staff, whether the rear outbuildings will remain or be demolished etc.

I am happy to discuss with the applicant and / or meet on site if required.

Many thanks.
