Subject: PLANNING APP 4/25/2169/0F1 - PETERSBURGH FARM, BECKERMET

Conversion of existing stone barns into two dwellings including the sub-division of existing garden and car parking areas with associated infrastructure and ancillary facilities including installation of a wastewater treatment plant

Thank you for the above planning consultation and the updated information within.

There are no objections to this from Environmental Health and no further comments to add to those previously made on 04.06.25.

Regards
