Subject: 4/26/2029/DOC - LAND AT PRESTON STREET, WHITEHAVEN

Discharge of conditions 15, 18 and 19 of planning application 4/23/2314/0F1

Thank you for the above planning application.

Environmental Health have considered the 'Electrical Engineering Services External Lux Plot' dated 10.11.25.

There is minimal external light spill to off-site receptors demonstrated by this. It should also be noted that a separate planning application (ref 4/25/2331/0A1) has been approved for external illuminated signage which shall be turned off at closure of business hours. Condition 18, relating to external lighting, can therefore be discharged.

Regards
