Erection of detached garage and creation of forecourt and new vehicular access onto highway

Thank you for the above planning consultation.

From the perspective of Environmental Health, there are no objections to this proposed development.

In order to limit noise disturbance to neighbours during the construction phase, we would request that working hours are limited as per the following condition –

- Noise from Construction Works

Following approval of the development, construction activities that are audible at the site boundary shall be carried out only between the following hours. Monday to Friday 08.00 – 18.00 and Saturday 08.00 – 13.00 and at no time on Sunday or Bank Holiday.

Deliveries to and removal of plant, equipment, machinery and waste from the site must only take place within the permitted hours detailed above unless otherwise agreed with the Local Planning Authority.

Reason: In the interests of the amenities of surrounding occupiers during the construction of the development

Regards
