Conversion of loft to provide additional bedroom to existing flat, installation of solar panels and roof lights on front and rear elevations and installation of new front access door.

Thank you for the above planning consultation.

There are no objections in principle to this proposed development from Environmental Health. In order to limit noise intrusion to neighbours during the construction phase, we would request that the imposition of agreed working hours are considered as a possible condition to any approval granted –

- Noise from construction works

Following approval of the development, construction activities that are audible at the site boundary shall be carried out only between the following hours Monday to Friday 08.00 – 18.00 and Saturday 08.00 – 13.00 and at no time on Sunday or Bank Holiday.

Deliveries to and removal of plant, equipment, machinery and waste from the site must only take place within the permitted hours detailed above unless otherwise agreed with the Local Planning Authority.

Reason: In the interests of the amenities of surrounding occupiers during the construction of the development.
